WHEREAS, Declarant may incorporate Green Pastures Owners' Association (the "Association"), as an Ohio non-profit corporation, pursuant to Article 5 of this Declaration for the purposes discussed in Article 6 of this Declaration; and

WHEREAS, Declarant may delegate or assign to the Association all or portions of the Developer's rights to administer and enforce the provisions of this Declaration, and after such time as said delegation or assignment occurs, the costs incurred by the Association in connection with said administration and enforcement shall be an encumbrance upon the then existing Lots of Green Pastures;

LAND USE RESTRICTIONS

The following use restrictions shall be maintained and enforced with respect to the Property:

2.01 Restrictions as to Use of Lots, and Size of Buildings: Subject to the consolidation of two (2) or more Lots for construction of a Residence and related Improvements, each Lot shall be used for single-family residential purposes and for no other purpose; provided, however, that Declarant reserves for itself, and builders with whom the Declarant may contract, the right, until all Lots are sold (and escrows closed), to carry on normal sales activities on the Property, including the operation of models and sales offices.

All Residences constructed on the Property shall have minimum floor areas established by the Architectural Review Committee.

The first floor elevation and siting of each Residence shall be subject to the approval the Committee, provided no Residence or garage shall be closer to any street than the building set back lines delineated upon the recorded plat of each Phase of Green Pastures.

2.02 Lot Splits Prohibited: No Lot shall be split, divided or subdivided for sale, resale, gift, transfer or otherwise, so as to create a new lot or building site. However, subject to compliance with all requirements of any governing Public Agency, a Lot may be split between two adjoining Lots to expand the size of those Lots, but not to create another building site (e.g. if three Lots in a row on a street are sequentially numbered in order Lots 1, 2, and 3, Lot 2 in the middle may be divided and portions thereof added to Lots 1 and 3 respectively, resulting in two larger building sites where three building sites originally existed).

2.03 Trade or Commercial Activity Prohibited: No trade or commercial activity shall be conducted upon any Lot, nor shall anything be done thereon which may become an annoyance or nuisance to any Owners of Lots within the Property.

2.04 Temporary Improvements: No temporary building or structures shall be permitted on any portion of the Property, provided, however, trailers, temporary buildings, barricades and the like shall be permitted for construction purposes during the construction period for a permanent building and for sales purposes during the sales of Lots in the Phases of Green Pastures, provided, in addition, the Committee shall have theretofore approved in writing the design, appearance and location of the same. Any permitted temporary Improvement shall be removed not later than fourteen (14) days after the date of completion of the building(s) to which said temporary structure was related, and shall be permitted for no longer than a period of one (1) year, unless a variance is granted by the Committee.

2.05 Antenna: No antenna, satellite dish or other apparatus for transmission or reception of television signals or any other form of electromagnetic radiation shall be erected, used or maintained on the Property outside any Improvements, whether attached to an Improvement or otherwise, without the prior written approval of the Committee.

2.06 Utility Service: No lines, wires or other devices for communications purposes, including telephone, television, data and radio signals, or for transmission of electric current or energy, shall be constructed, placed or maintained anywhere in or upon the Property unless the same shall be in or by conduits or cables constructed, placed and maintained underground or concealed in, under or on a Residence or other approved Improvements; provided, however, aboveground electrical transformers and other equipment may be permitted if properly screened and approved by the Committee. In addition, all gas, water, sewer, oil and other pipes for gas or liquid transmission shall also be placed underground or within or under Residences. Nothing herein shall be deemed to forbid the erection and use of temporary power or telephone services incident to the construction of approved Improvements.

2.07 Exterior Materials and Colors: The Committee shall have the sole right to approve or disapprove materials and colors, including changes in colors, for any Improvements.

2.08 Mailboxes: All mailboxes in the subdivisions shall initially be supplied by the Declarant, who shall also prescribe the location and installation of the mailboxes. Owner shall install and maintain the required mailboxes, and when replacement is required, Owner shall replace the mailbox with a mailbox of identical design and material as initially supplied by the Declarant.

2.09 Porches: Subject to the Committee's approval thereof, all Residences shall have a porch or patio at least six feet (6') deep and at least ten feet (10') long at the front (i.e., the side(s) of the Residence facing the street).

2.10 Fences: No fences, decorative or otherwise, shall be constructed or installed, without the prior approval of the Committee pursuant to Article 3 of this Declaration, and no "privacy", "stockade", or similar visually obstructive fences or any fence taller than six (6) feet shall be permitted on any Lot. Further, no dog runs will be permitted on any Lot.

2.11 Clotheslines: Clothesline for outdoor drying or airing of a Resident's own laundry shall be permitted in rear yards (but no similar commercial use shall be permitted, e.g. no laundry for hire). No clotheslines shall be located in any front or side yards, or extend any closer than two feet (2') to any boundary line of a Lot;

2.12 Site Placement: All Residences and other Improvements shall be placed so that the existing topography and landscape shall be disturbed as little as possible, and so that the maximum number of desirable trees and other natural features will be preserved, unless the Committee approves in writing some other placement.

2.13 Screening, Storage Areas: Garbage and refuse shall be placed in containers, which shall be concealed and contained within the Residence, or shall be concealed by means of a screening wall of material similar to and compatible with that of the Residence on the Lot, or shall be concealed by sufficient landscaping to provide a permanent screen at all times of the year (e.g. evergreen vegetation). These elements shall be integrated with the Residence plan, be designed so as not to attract attention, and shall be located in as reasonably inconspicuous manner as is possible. Unless specifically approved by the Committee in writing, no materials, supplies or equipment shall be stored on any Lot except inside the Residence so that they are not visible from neighboring streets or properties. No outdoor buildings (other than detached garages), including no outdoor sheds, shall be permitted on a Lot.

2.14 Driveways, Curb Cuts and Walks: Sidewalks and curb cuts shall be installed and maintained by the Owner in front of whose Lot they are located. Driveways, curb cuts and walks shall be constructed or altered only in accordance with plans and specifications submitted to and approved in writing by the Committee.

2.15 Storage Tanks: No storage tanks, including, but not limited to, those used for storage of water, gasoline, oil, other liquid or any gas, shall be permitted on the Property outside a Residence except as approved by the Committee.

2.16 Building Exterior: All windows, porches, balconies and the exteriors of Residences shall be maintained at all times in a neat and orderly manner.

2.17 Pools: No above-ground pools shall be erected, constructed or installed on any Site. Spas and in-ground pools will be permitted subject to prior written approval from the Committee.

2.18 Energy Conservation Equipment: No solar energy collector panels or attendant hardware or other energy conservation equipment shall be constructed or installed in Green Pastures unless it is an integral and harmonious part of the architectural design of a structure, as determined in the sole discretion of the Committee. No windmills, wind generators or other apparatus for generating power from the wind shall be erected or installed on any Lot.

2.19 Signs: No sign, poster, display or other advertising device of any kind shall be displayed to the public view on or from any Lot without the approval of the Committee, except such signs as may be used by Declarant in connection with the development of the Property and sale of Lots, and except for: (a) one (1) "for sale," "for lease" or "for exchange" sign of reasonable size (but not exceeding six (6) square feet), design and materials on any Lot, and only during such time as the Residence located on that Lot is actively marketed for sale, lease or exchange, as the case may be; and (b) political signs for two (2) weeks prior to an election of reasonable size (but not exceeding four (4) square feet per sign), which shall be promptly removed the day following the election.

2.20 Landscaping: Each Lot shall be landscaped according to plans approved by the Committee. All shrubs, trees, grass and plantings of every kind shall be kept well maintained, properly cultivated and free of trash and other unsightly material. Landscaping as approved by the Committee shall be installed no later than one hundred eighty (180) days following occupancy of or completion of Residence, whichever occurs first.

2.21 Nuisances: No rubbish or debris of any kind shall be placed or permitted to accumulate upon any portion of the Property and no odors shall be permitted to arise or be emitted therefrom so as to render any portion of the Property unsanitary, unsightly, offensive or detrimental to any of the remainder of the Property or to the Residents thereof. In addition, no exterior lights shall be permitted, the principal beam of which shines upon areas other than the Lot upon which they are located, or which otherwise cause unreasonable interference with the use and enjoyment of other Lots by the Residents thereof; and no speakers, horns, whistles, bells or other sound devices, shall be located, used or placed on any Lot, except security devices used exclusively for security purposes which are activated only in emergency situations or for testing thereof.

2.22 Maintenance of Lots and Buildings: No Lot and no Residence or other Improvement shall be permitted to become overgrown, unsightly or to fall into disrepair, and all Residences and Improvements shall at all times be kept in good condition and repair and adequately painted or otherwise finished in accordance with specifications established by the Committee.

2.23 Mineral Exploration: The Property shall not be used in any manner to explore for, use, or exploit commercially any water, oil or other hydrocarbons, minerals of any kind, gravel, earth, soil, or any other substance located in or under the ground.

2.24 Machinery and Equipment; Hobbies: No commercial machinery or equipment of any kind shall be placed, operated or maintained upon any Lot except such machinery or equipment reasonably necessary for use in connection with maintenance or construction of Improvements as approved by the Committee. Hobbies or activities that tend to detract from the aesthetic character of the Property, and Improvements used in connection with such hobbies or activities, shall not be permitted

unless carried out or conducted as directed by the Committee. This paragraph has reference to, but is not limited to, such activities as automotive and boat repair, and sport activities involving equipment placed on a Lot outside a Residence.

2.25 Vehicles, Trailers, Boats, Commercial Vehicles, or Motor Homes: No automobile or motor driven vehicle may be left upon any Lot or any street abutting any Lot for a period longer than seventy-two (72) hours in a condition such that it is incapable of being operated upon the public highways, after which time the vehicle shall be considered as a nuisance and detrimental to the welfare of the neighborhood and must be removed. Any towed vehicle, boat, motor home or mobile home regularly stored upon any Lot, or temporarily kept thereon for periods longer than seventy-two (72) hours each, shall be considered a nuisance and must be removed. The foregoing, however, does not apply to such boats or other vehicles, whether motor-driven or towed, as are stored wholly within a private garage. No commercial vehicles may be parked, stored or temporarily kept on any Lot or any street abutting any Lot except when stored wholly within private garages, or except when there temporarily to service existing Improvements or to be used in connection with the construction of Improvements on a Lot.

2.26 Pets and Breeding of Animals: No animals, except common household pets shall be kept, bred or maintained upon any Lot for any commercial purpose, and common household pets shall not be kept, bred or maintained on any Lot in unreasonable numbers, as may be determined by the Board, from time to time. Each Owner shall be responsible for cleaning up any unclean or unsanitary condition caused by said pet. All pets maintained on a Lot must be kept either within an enclosure, yard or patio. No pit bull or rottweiler dogs shall be permitted on any Lot. The Association, upon the approval of a majority of the Board, shall have the right to prohibit maintenance of any other animal within the Property which, in the opinion of the Board, constitutes a private nuisance to any other person. No animals shall be kept on Lots not improved by a Residence.

2.27 Hazardous Materials: Each Owner shall comply with all federal, state and local statutes, regulations, ordinances, or other rules intended to protect the public health and welfare as related to land, water, groundwater, air or other aspects of the natural environment (the "Environmental Laws"). Environmental Laws shall include, but are not limited to, those laws regulating the use, generation, storage or disposal of hazardous substances, wastes and materials (collectively, the "Hazardous Materials"). No Owner or Resident, or any of their guests, invitees, or permittees shall use, generate, manufacture, store, release, dispose of or knowingly permit to exist in, on, under or about his or her Lot, or any portion of the Master Site, or transport to or from any portion of Green Pastures any Hazardous Materials except in compliance with the Environmental Laws.

2.28 Leasing: No Owner shall be permitted to rent or lease his Lot, including the Residence located thereon, for transient or hotel purposes or for a period of less than six (6) months. No owner may rent or lease less than the entire Lot and entire Residence thereon. Other than the foregoing, there are no restrictions on the right of an Owner to rent or lease his Lot and Residence.

2.29 Drainage and Grading: No drainage ditches, swales, streams, impoundments, ponds, or lakes; no mounds, knobs, dams, or hills; and no other physical improvements or elements of the landscape or terrain which control or determine the location or flow of surface water and drainage patterns may be destroyed, altered or modified by or at the direction or with the consent of any Owner without the prior written consent of the Committee. No Improvements to any Lot shall be made in any manner whatsoever that is inconsistent with the master grading plans established by Declarant or its successors or assigns for the Property, as they now exist or may hereafter be modified from time to time, without the prior written consent of the Committee. In the event of any destruction, alteration, modification, or improvement made or occurring without such prior consent of the Committee, Declarant and the Association and their respective representatives shall have the joint and several rights to enter upon any Lot and to remedy or repair, at the expense of the Owner of said Lot, any such destruction, alteration, modification, or improvement without being guilty of trespass and without liability to any Owner with respect to the same or the consequences thereof. Whenever, because of construction of Improvements on a Lot or for some other reason, silt would run off of a Lot onto any adjacent property, the Owner of such a Lot shall be obligated to provide a means of siltation control to prevent silt from running off of such Lot onto such adjacent property.

2.30 Exemption of Declarant: Nothing in this Article or elsewhere in this Declaration shall limit in any manner whatsoever the rights of Declarant to complete the planning, development, grading, construction, advertising, marketing, leasing and sales of the Lots, and all other property within the Master Site (including any property which may be annexed thereto pursuant to the provisions of this Declaration), including, without limitation, the following specific rights, which may be exercised by Declarant, or by its agents and employees, in conjunction with such development and marketing, until all Lots in the Property and all other property in the Master Site is sold (and escrows closed):

(a) The right to maintain and operate one (1) or more advertising, sales or leasing office(s) located upon any Lot(s) owned by Declarant without approval of the Association and the right to permit builders to construct and operate "model homes" on Lots for the purpose of marketing homes to be constructed by that builder;

(b) The right to post and display from any Lot(s) owned by Declarant any sign, flag, banner, billboard or other advertising which Declarant may, in its sole discretion, deem appropriate, irrespective of size, color, shape or materials of such items. Also the right to permit builders and/or owners to place up to four (4) signs (but not exceeding six (6) square feet each) on a lot during and up to 30 days after occupancy, for the purposes of building, financing, etc. advertising.

(c) The right to install, place, replace, construct, reconstruct or modify any Improvement on, or remove any Improvement from any Lot owned by Declarant which reasonably relates to the development, marketing, or sales of the Lots, as Declarant may, in its sole discretion, deem appropriate;

(d) The right to conduct any commercial activity upon any Lot owned by Declarant which reasonably relates to the development, marketing, or sales of the Lots; and

(e) The right to park vehicles upon any Lot owned by Declarant which reasonably relates to the development, marketing, or sales of the Lots.

All or any portion of the rights of Declarant herein and elsewhere in this Declaration may be assigned in whole or in part by Declarant to any successor-in-interest in the Master Site, including the Annexation Property, or to the Association or the Committee by an express written assignment recorded in the Records of Union County, Ohio.

ARTICLE 3

Architectural Review Committee

3.01 Purposes of Committee: The Declarant shall establish the Green Pastures Architectural Review Committee (the "Committee") for the following purposes:

- (a) To provide a staff of persons for reviewing, evaluating, approving and disapproving proposed plans for Improvements.
- (b) To establish, maintain and preserve specific architectural guidelines and standards to carry out the intent of these Restrictions, which guidelines and standards from time to time in effect with respect to all or any portion of the Property shall hereinafter be referred to as the "Design and Landscape Standards". The Design Landscape Standards may provide for different criteria and standards for Improvements to be located on Traditional streets and Neighborhood streets.
- (c) To enforce the provisions of these Restrictions through the plan review process;
- (d) To develop a reasonable Plan review fee schedule for the submission, and resubmission, if applicable, of plans for approval.

3.02 Committee Responsibilities; Effect of Actions: The Committee shall exercise its best judgment to see that all Improvements on any Lot conform to the various terms of this Declaration and the Design and Landscape Standards as to external design, quality and types of construction, materials, colors, setting, height, grade, finished ground elevation, landscaping, and tree removal. The actions of the Committee, through its approval or disapproval of plans and other information submitted pursuant hereto, shall be conclusive and binding on all interested parties.

3.03 Composition and Appointment of Committee: There shall be three (3) members of the Committee, one of whom shall be elected by the Committee to serve as Chairperson. The Declarant, if an individual, or any of the Declarant's officers or employees may serve as a member of the Committee. Until such time as Declarant or its successor or assign has sold all of the land within the Master Site, unless earlier delegated by Declarant to the Board, the Declarant shall appoint all three (3) members of the Committee. Thereafter, the Board shall appoint all three (3) members of the Committee. One member of the Committee shall be an architect licensed under the laws of the State of Ohio, or the Committee shall employ the services of such a licensed architect a consultant to the Committee.

Specifications shall describe types of construction and exterior materials to be used, including, without limitation, the colors and manufacturers thereof, and shall otherwise be prepared according to the Design and Landscape Standards.

4.02 Basis of Approval: Approval shall be based, among other things, upon conformity and harmony of the proposed plans with the Design and Landscape Standards and other structures located upon the Property; the effect of the location and use of Improvements on neighboring Lots; and conformity of the plans and specifications to the general intent of and specific provisions of these Restrictions.

4.03 Liability Relating to Approvals: Neither Declarant, the Committee nor any member thereof, nor any of their respective agents, contractors, consultants, architects, heirs, personal representatives, successors or assigns, shall be liable to anyone submitting plans for approval by reason of mistakes in judgment, negligence, or nonfeasance arising out of or in connection with the approval or disapproval or failure to approve any plans. The Committee may make a reasonable charge for the issuance of such certificates, which must be paid at the time that the request for such certificate is made.

ARTICLE 5

THE ASSOCIATION

5.01 Membership: When the Declarant incorporates the Association, every person or entity who is then an Owner or thereafter becomes an Owner shall be a Member of the Association. All memberships in the Association shall be appurtenant to the Lot owned by each Member, and memberships in the Association shall not be assignable, except to the person or entity to whom the title to the Lot has been transferred. Ownership of such Lot shall be the sole qualification for membership in the Association. The Association may adopt a membership fee to be collected at the time a new owner purchases a lot, and may adopt an annual membership fee, all by a majority vote of the Members attending a duly called meeting called for that purpose. Unpaid Membership Fees shall be a lien on Lots owned by Members who fail to pay such Membership Fees.

5.02 Classes of Membership: The Association shall have two (2) classes of voting membership, as follows:

Class A. Class A Members shall be all Owners, with the exception of Declarant. Each Class A Member shall be entitled to one (1) vote for each Lot owned. When more than one (1) person holds title to a single Lot, all co-Owners of that Lot shall be Members, provided, however, in no event shall more than one (1) vote be cast with respect to any Lot, and if the co-Owners cannot agree on how the vote should be cast, no vote will be counted for that Lot.

Class B. The Class B Member shall be the Declarant. The Class B Member shall be entitled to ten (10) votes for each Lot it owns, provided, that the Class B membership shall cease and be converted to Class A membership (e.g.

one vote per Lot) on the tenth (10th) anniversary of the date this Declaration is filed for record with the Union County, Ohio Recorder.

Any action taken by the Association which must have the approval of the membership of the Association before being undertaken shall require a majority vote of the membership in attendance at a duly called meeting of the Association, unless a specific provision of this Declaration or the By-Laws or Articles of the Association requires the approval of a greater percentage of the voting membership.

5.03 Voting: Those Members appearing in the official records of the Association as record Owners of Lots shall be entitled to notice of any meeting of Members. In the event of any dispute as to the entitlement of any Member to vote or the results thereof, the Board shall act as arbitrators and a decision of the Board shall, if rendered in writing, be final and binding upon the Members; provided, however, that the Board shall have no jurisdiction to determine any matters relating to the entitlement of Declarant to vote or the manner of the exercise of its vote.

5.04 Suspension of Voting Rights: The Board shall have the authority to suspend the voting rights of any Member to vote at any meeting of the Members for any period during which such Owner is delinquent in the payment of any Assessment.

5.05 Proxies: Votes may be cast in person or by proxy. Proxies must be filed with the Secretary of the Board before the appointed time for each meeting. The proxy shall also identify the person or persons authorized to exercise the proxy.

5.06 By-Laws: The Board shall adopt By-Laws to govern the Association and its Board. Said By-Laws may be amended as provided by the applicable terms of said By-Laws, provided, however, no amendments may be adopted which are inconsistent with the terms of this Article 5.

5.07 Notice of Sale or Transfer of Title: In the event that any Owner desires to sell or otherwise transfer title to his or her Lot, such Owner shall give the Board at least seven days prior written notice of the name and address of the purchaser or transferee, the date of such transfer of title, and such other information as the Board may reasonably require. Until such written notice is received by the Board, the transferor shall continue to be jointly and severally responsible for all obligations of the Owner of the Lot hereunder, including payment of Assessments, notwithstanding the transfer of title to the Lot.

ARTICLE 6

POWERS AND DUTIES OF THE ASSOCIATION

6.01 Management Body: When incorporated, the affairs of the Association shall be managed by a Board of Trustees. The initial Board shall be appointed by the Declarant. Thereafter, the Board shall be elected as provided in the By-Laws.

6.02 Board Powers: The Board shall have the right and power to perform all lawful acts which may be necessary to manage and control the affairs of the Association. The Board shall have the following specific powers:

- (a) Enforce the provisions of this Declaration;

- (b) Levy and collect Assessments from the Owners of all Lots and enforce payment of such Assessments;
- (c) Retain, if deemed appropriate by the Board, and pay for legal and accounting services necessary and proper for the efficient operation of the Association; and
- (d) Perform any and all other acts and things that a nonprofit, mutual benefit corporation organized under the laws of the State of Ohio as empowered to do, which may be necessary, convenient or appropriate in connection with the administration of the Association's affairs and the carrying out the Association's duties as set forth in this Declaration.

6.03 Duties: The Board shall perform and execute the following duties of the Association to the extent sufficient funds are available from Assessments paid by the Owners:

- (a) Obtain liability insurance for the Association and Board members;
- (b) Maintain and repair any property owned by the Association. In the event any maintenance or repairs are required due to the willful or negligent acts or omissions of an Owner or Owners, the Association shall levy the cost of such maintenance and repair as a Compliance Assessment against the responsible Owner(s);
- (c) Pay any real or personal property taxes and assessments which the Association is required to pay;
- (d) Cause financial statements for the Association to be regularly prepared;
- (e) Assume and pay out of the Assessments all costs and expenses incurred by the Association in connection with the performance and execution of all of the aforesaid powers and duties, and any other powers and duties the Association may assume;
- (f) Enforce all applicable provisions of this Declaration; and
- (g) Within ten (10) days of the mailing or delivery of a written request from an Owner, provide said Owner with a copy of this Declaration and the Articles and By-Laws for the Association, together with a true statement in writing as to the amount of any delinquent Assessment, penalties, attorneys' fees and other charges which are due relative to a particular Lot as of the date of such request, subject to a reasonable charge therefore, as determined by the Board.

6.04 Delegation of Duties: In the event that the Association shall delegate any or all of its duties, powers or functions to any person, corporation or firm to act as manager, neither the Association nor the members of its Board shall be liable for any omission or improper exercise by the manager of any such duty, power or function so delegated.

ARTICLE 7

ASSESSMENT OF THE ANNUAL REGULAR ASSESSMENT

7.01 Establishment of Regular Assessment: For the purpose of providing funds for uses specified in Article 9 hereof, the Board shall for each year commencing with its year of incorporation, fix and assess the yearly assessment referred to in Section 1.02 (B)(i) against each Lot by establishing a budget and dividing the budget by the number of Lots included in the Property. Notwithstanding anything in this Section 7.01 to the contrary, there shall be a minimum yearly Regular Assessment for each Lot in the amount of Ten Dollars (\$10.00) commencing in the calendar year following the calendar year in which the Association is incorporated. In making each such assessment, the Board shall separately assess each Lot, and each such Lot shall be charged with and be subject to a lien for the amount of the Regular Assessment.

7.02 Annual Budget and Statements: On or before December 1st of each year, or as soon as shall be practicable thereafter, the Board shall establish a budget for the Associates for the ensuing calendar year, which shall be the basis of the Regular Assessment calculations referred to in Section 7.01 above. As soon after said budget is established as possible the Board shall send a written statement to each Owner setting forth the amount of the budget established for the ensuing calendar year, together with the amount of the Regular Assessment set for the ensuing year and the frequency of payment therefor (e.g. monthly, quarterly, etc.). Said budget and amount of Regular Assessment shall be binding upon the Owners unless modified by a majority vote of the Members attending a duly called meeting called for that purpose. In the event the Board determines for some reason that the budget must be adjusted after the initial budget has been distributed to the Owners, the Board may send a written statement to each Owner setting forth the amount of the revised budget, together with the amount of the adjusted Regular Assessment require to fund said revised budget. If a Residence is built across more than one Lot, or an Owner combines two or more Lots to create one assessable parcel for real property tax purposes, the Owner shall be charged a Regular Assessment for each Lot or portion thereof. The Regular Assessment may be billed, in annual, semiannual, quarterly, or monthly installments, as the Association shall determine.

7.03 Interest on Delinquent Assessment: If an Owner shall fail to pay any Assessment within thirty (30) days following the date of issuance of the statement therefor, the same shall be deemed delinquent and will bear interests at the rate of eight percent (8%) per annum, or such other legal rate as may be set by the Board from time to time.

7.04 Delinquency for More than 90 Days: If an Owner shall fail to pay any Assessment or any installment thereof within ninety (90) days following the date of issuance of the statement therefore, the Association shall have the right to sue such Owner for a personal judgment, and, in addition, shall have the right to enforce the lien, hereinafter imposed. The amount due by such Owner shall include the unpaid Assessment or installment thereof, as well as the cost of such proceedings, including reasonable attorneys' fees, and the aforesaid interest. In the event an appropriate court refuses jurisdiction of a proceeding to enforce said lien or finds said lien to be unenforceable, invalid, or ineffective, then the Association shall have the right to sell the property at public or private sale in satisfaction of the amounts then owing. Every aspect of the sale including the method, manner, time, place and terms shall be commercially reasonable. The Association shall give such Owner reasonable notice (by certified mail, or by publication in a newspaper of general circulation in Union County) of such sale at least thirty (30) days prior to such sale, and such notice shall contain the date, time and place of such sale.

7.05 Rules and Procedures for Billing and Collecting Assessments: The Board shall have the power and authority to adopt rules and procedures respecting the billing and collection of the Assessments which shall be binding on all Owners, provided that such procedures shall not be inconsistent with the provisions of this Article 7.

7.06 Certification of Status of Assessments: Upon written demand by an Owner, the Association shall within a reasonable period of time thereafter issue and furnish to such Owner a certificate stating that all Assessments or installments thereof (including interests and costs, if any) have been paid with respect to any specified Lot as of the date of such certificate, or, if all Assessments and installments thereof have not been paid, setting forth the amount (including interest and costs, if any) due and payable as of such date. The Association may make a reasonable charge for the issuance of such certificate, which must be paid at the time that the request for such certificate is made. Any such certificate, when duly issued as herein provided, shall be conclusive and binding with regard to any matter therein stated as between the Association and any bona fide purchaser of, or lender on, the Lot in question.

ARTICLE 8

IMPOSITION OF CHARGE AND LIEN UPON LOTS

8.01 Establishment of Lien for Regular Assessments: The Regular Assessment, together with the continuing obligation to pay all future Regular Assessments assessed in all future years and all installments thereof, shall be and remain a first charge against, and a continuing first lien upon each Lot, which shall bind such property in the hands of the then Owner, his or its heirs, executors, administrators, successors and assigns, and said charge and lien shall be superior to any and all other charges, liens, or encumbrances which may hereafter in any manner arise or be imposed upon the Lot whether arising from or imposed by judgment or decree or by any agreement, contract, mortgage or other instrument, saving and excepting only such liens for taxes or other public charges as are by applicable law made superior thereto and the lien of a bond fide first mortgage on the subject Lot. If a Regular Assessment is past due more than thirty (30) days, the Board may, at its discretion, file notice of the amount of the lien with the Union County, Ohio Recorder. Notwithstanding whether any such filing of a notice of the amount of the lien for a Regular Assessment is made, the lien therefor is an automatic and continuing lien as above stated.

8.02

Establishment of Lien for Other Assessments: Any Membership Fee, Compliance Assessment or Special Assessment shall be and remain a charge against, and a continuing lien upon each Lot upon which such lien is assessed from the date such Assessment is assessed, and shall have the priority equal to a lien filed the date of such assessment. If a Membership Fee, Compliance Assessment or Special Assessment is past due more than thirty (30) days, the Board may, at its discretion, file a notice of the amount of the lien with the Union County, Ohio Recorder. Notwithstanding whether any such filing of a notice of the amount of the lien for a Membership Fee, Compliance Assessment or Special Assessment is made, the lien therefore is an automatic and continuous lien as above stated from the date assessed.

8.03 Personal Liability for Assessments: In addition to taking subject to the charge and lien imposed by Sections 8.01 and 8.02 hereof, each Owner of each Lot by the acceptance of a deed or other instrument of conveyance therefor, whether or not it shall be so expressed in such deed or instrument of conveyance, and every other Owner, regardless of how he, she or it acquired title to a Lot, shall be deemed to have agreed to be personally liable for the payment of all Assessments assessed by

the Association against such Lot to which such Owner holds title. If more than one Owner holds title to a Lot, all such co-Owners shall be jointly and severally liable for all Assessments assessed against their Lot.

8.04 Foreclosure of Lien for Assessments: The lien for any Assessment may be enforced by judicial foreclosure by the Association in the same manner in which mortgage on real property may be foreclosed in Ohio. In any such foreclosure, the Owner shall be required to pay all costs of foreclosure, including reasonable attorneys' fees incurred by the Association. All such costs and expenses shall be secured by the lien being foreclosed. The Association shall have the right and power to bid at the foreclosure sale or other legal sale to acquire the Lot foreclosed upon, and thereafter to hold, sell, lease, convey, use, encumber or otherwise deal with the same as the owner thereof.

ARTICLE 9

USE OF FUNDS

9.01 Application of Assessments: The Association shall apply all funds received by it pursuant to these Restrictions, and all other funds and property received by it from any source, including without limitation, the proceeds of loans referred to in 9.02 and the surplus funds referred to in 9.03, to the following, in the order stated:

- (1) The payment of all principal and interest, when due, on all sums borrowed by or loaned to the Association, to the extent required under any agreement with holders or owners of debt obligations referred to in 9.02 hereof;
- (2) Administrative costs and expenses incurred by the Association in the exercise of its powers, authority, and duties described in this Declaration;
- (3) The promotion of the recreation, health, safety and welfare of the Owners, including the publication and distribution of a neighborhood newsletter, if the Board so desires.

9.02 Authority to Borrow Funds: In order to secure the repayment of any and all sums borrowed by or loaned to it from time to time, the Association is hereby granted the right and power:

- (a) To assign and pledge all revenues received and to be received by it under any provision of these Restrictions, including, but not limited to, the proceeds of the Regular Assessments payable hereunder; and
- (b) To enter into agreements with holders and owners of any debt obligations with respect to the collection and disbursement of funds, including, but not limited to, agreements wherein the Association covenants:
 - (i) to assess the Regular Assessments on a given day in each year and, to assess the same in a particular amount;
 - (ii) to establish sinking funds or other security deposits;

- (iii) to apply all funds received by the Association first to the payment of all principal and interest, when due, on such debts, or to apply the same to such purpose after providing for costs of collection;
- (iv) to establish such collection, payment and lien enforcement procedures, not inconsistent with the provisions of this Declaration, as may be required by holders or owners of any such debt obligation; and
- (v) to provide for the custody and safeguarding of all funds received by the Association.

The amounts, terms and rates of all borrowing and the provisions of all agreements with holders or owners of any such debt obligation shall be subject solely to the decision of the Board acting in its absolute discretion.

9.03 Authority to Maintain Surplus: The Association shall not be obligated to spend in any particular time period all the sums collected or received by it in such time period or in any other time period and may carry forward, as surplus, any balances remaining; nor shall the Association be obligated to apply any such surpluses to the reduction of the amount of the Regular Assessment in any year, but may carry forward from year to year and time to time such surplus as the Board in its absolute discretion may determine to be desirable for the greater financial security of the Association and the effectuation of its purposes as set forth in this Declaration and its By-Laws.

9.04 Authority to Enter in to Contracts: The Association shall have the power and authority to contract with any person, corporation, firm or other entity, including, but not limited to, Declarant, for the exercise of any one or more of the various powers and authority granted to and duties to be performed by the Association hereunder, and to delegate such powers and authority to any agent or employee of the Association, and the exercise of those powers and authority by such person, corporation, firm, entity, agent or employee shall be deemed the exercise of those powers and authority by the Association, except that no independent contractor shall be deemed by virtue of these provisions to be the agent of the Association. There shall be no requirement of any bond or surety for the Association, its agents, employees, or others assuring the exercise of the powers and authority granted hereunder except as the Board shall in its sole discretion deem necessary or desirable for the safeguarding of any funds received by the Association.

ARTICLE 10

ENFORCEMENT

10.01 Interpretation: In case of uncertainty as to the meaning of any article, paragraph, sentence, clause, phrase or word in these Restrictions, the interpretation by the Declarant shall be final and conclusive upon all interested parties, which authority to interpret may be assigned to the Board at any time.

10.02 Abatement and Suit: Violation or breach of any of these Restrictions shall give to the Association and to Declarant the joint and several rights to enter the Lot involved and abate and remove the same at the expense of the Owner of the Lot involved (which expense may be assessed and collected as a Compliance Assessment and it shall become a lien upon the Lot as provided in Section 8.02 hereof) or to proceed at law or in equity against such Owner or any person or persons who

have violated or are attempting to violate them from doing so, and to cause said violation or attempted violation to be remedied, or to recover damages therefor. In addition, any owner whose Lot is subject to this Declaration may take legal action to enforce the use restrictions contained in Article 2 of this Declaration against any other Owner who is in violation thereof. In any legal or equitable proceedings for the enforcement of the provisions of these Restrictions, the unsuccessful party or parties shall pay the attorneys' fees of the prevailing party or parties, in such amount as may be affixed by the Court in such proceedings. All remedies provided herein or at law or in equity shall be cumulative and not exclusive.

10.03 Failure to Enforce Not a Waiver of Rights: Failure of the Committee, the Association or Declarant, or any Owner, to enforce any of these Restrictions shall in no way be deemed a waiver of the right to enforce any other of these Restrictions.

ARTICLE 11

ADDITIONS TO THE PROPERTY

11.01 Annexation of Annexation Property: From time to time, the Declarant, or any successor Declarant, may subject any portion of the Master Site or adjacent property to this Declaration without the assent of the Association or the Owners of Lots already included in the Property, and, after such subjection to this Declaration, such Annexation Property shall thereafter be included in the defined term "Property" as used in this Declaration. However, Declarant is under no obligation to subject any additional portion of the Master Site to this Declaration.

11.02 Notice of Annexation: The annexation of Annexation Property authorized under this Article 11 shall be made by filing of record with the Union County, Ohio Recorder a Notice of Annexation, covering the Annexation Property, and the Notice of Annexation may contain such complementary additions to and modifications of the Restrictions set forth in this Declaration (only with respect to said Annexation Property) which are necessary to reflect the different character, if any, of the Annexation Property, and which are not inconsistent with the general scheme of this Declaration.

ARTICLE 12

AMENDMENTS, PERIOD OF DURATION

12.01 Amendments: Until Declarant has sold the first Lot in Green Pastures, Declarant may, in its sole and absolute discretion, unilaterally amend this Declaration at any time and from time to time. Any such amendment may impose covenants, conditions, restrictions and easement upon Green Pastures in addition to those set forth herein, including, without limitation, restrictions on use and covenants to pay additional charges with respect to the maintenance and improvement of Green Pastures. After Declarant sells the first Lot, Declarant may unilaterally amend this Declaration only if such amendment is: (a) necessary to bring any provision hereof into compliance with any applicable governmental statute, rule, regulation or judicial order, (b) necessary to enable any reputable title insurance company to issue title insurance coverage on a Lot, (c) required to conform to the requirements of the Federal National Mortgage Association, ("FNMA") or the Federal Home Loan Mortgage Corporation ("FHLMC"), or any successor to either of them or similar government sponsored entity; or (d) necessary to correct errors; provided, however, any such amendment shall not materially adversely affect the title to any Lot unless the Owner thereof has consented to such amendment in writing. Any amendment not initiated by Declarant may be made only with the consent of Declarant and the written consent of at least 67% of the Owners. No amendment may remove, revoke, or modify any right or privilege of Declarant without the written consent of Declarant or the assignee of such right or privilege.

12.02 Periods of Duration: This Declaration, and the charges and liens provided for herein, shall run with the land; shall continue in full force and effect for a period of twenty (20) years from the date hereof; and shall be automatically extended for successive periods of ten (10) years each, unless prior to the commencement of any ten (10) year extension a written notice of termination is filed by the Association with Recorder of Union County, Ohio after 67% of the Members sign an instrument in favor of said termination, which instrument shall be recorded with said notice of termination.

12.03 Perpetuities: If any of the covenants, conditions, restrictions or other provisions of this Declaration shall be unlawful, void or voidable for violation of the rule against perpetuities, then such provisions shall continue only until 21 years after the death of the last survivor of the now living descendants of Elizabeth II, Queen of England.

ARTICLE 13

CONSTRUCTIVE NOTICE AND ACCEPTANCE

Every person who now or hereafter owns or acquires any rights, title or estate in any portion of the Property is and shall be conclusively deemed to have consented and agreed to every Restriction contained herein whether or not a reference to these Restrictions is contained in the instrument by which such person acquired an interest in said Property.

ARTICLE 14

EASEMENTS

14.01 Platted Easements: Declarant hereby reserves public sidewalk and utility easements for the purpose of constructing utility lines over or through the Property within the easements depicted on the recorded plats creating the Lots, and Declarant may grant easements to any utility over and across said platted easements.

14.02 Use of Easement Areas: Within the easement areas designated on the recorded plat of the phases of Green Pastures, no buildings shall be erected. In addition, no planting or other material shall be placed or permitted to remain within any such easement areas which may damage or interfere with utility installations located in the easement, or interfere with the direction of the flow of the drainage swales, ditches or channels or water over said easement areas. The easement area of each Lot and all surface improvements thereon shall be maintained continuously by the Owner of said Lot, except for those improvements for which a public authority or public utility company is responsible.

14.03 Buckeye Pipe Line Company's Right of Way: As to Lots No. 2117, 2118, 2119, 2120, 2121, and 2422 in the first Phase of Green Pastures over which an easement to Buckeye Pipe Line Company was previously granted for an underground gas transmission line, the Owner of said Lots shall not cause or permit the easement area shown on the recorded plat of the phases of Green Pastures platting said Lots to be used for any of the following uses: planting of trees; erection of buildings, structures, or out-buildings; location of overhanging balconies, patios, swimming pools, wells, or septic systems; or storage of permanent objects or materials. In addition, no digging, fill or excavation activities, utility line laying, construction of sidewalks, driveways, water channels, or roads, or installation of fences, posts or outdoor gym sets shall occur within said easement area except with the prior written permission from Buckeye Pipe Line Company, Lima, Ohio, or its successors or assigns of the subject easement. No pipeline marker within this easement shall be removed, destroyed or covered up, as provided by applicable federal law. The area within said easement shall only be used for the purpose of lawn, flower beds, vegetable garden or low shrubbery. These same restrictions shall apply to Lots in subsequent Phases of Green Pastures across which said Buckeye Pipe Line Company's easement is located.

ARTICLE 15

MUTUALITY

All restrictions, condition and covenants contained herein are made for the direct, mutual and reciprocal benefit of Declarant, the Association, and the Owners and their successors and assigns; these Restrictions shall create mutual equitable servitudes upon the Property in favor of other real property within the Master Site; these Restrictions shall create reciprocal rights and obligations between the respective Owners and privity of contract and estate between all grantees thereof; and these Restrictions shall, as to the Owner of any Lot, his heirs, personal representatives, successors and assigns, operate as covenants running with the land for the benefit of all of the Property and the Owners.
