UNITED CHURCH
OF CHRIST

A New Year's Prayer

Yes, God, we are disoriented. We live in the age of disorientation. We cannot see straight. We cannot feel bottom. We cannot find true north. We cannot sense steady ground. We cannot see a lighthouse in our spiritual foginess. We have been kicked around, knocked down, and keeled over. Our culture's collective concussion often swings us from nauseousness to headached to dizzyed to backpained and weary at every turn. This age of disorientation seems terminal some days, Lord. Our confusion and delusion sometimes seem to be drowning us. Like Peter who once believed in You and Your Way of Justice, Mercy and Humility but who then doubted his purpose and began sinking into the water he once traversed, we are drowning from our own lack of trust in the preeminence and necessity of You, O God defined by Love.

Gracious One, help us. Raise us up. Calm our storms. O God, help us not to give up. Help us not to silent our inner voice that tells us right this is not the way it is meant to be and it is not the way it will always be. Help us to know that You are with us and You will have the victory, the victory where the first shall be last and the last shall be first, where the valleys shall be exalted and the mountains and hills made low, where the crooked path shall be made straight and the rough places made plain, and where the children and the most vulnerable among us shall lead us.

O God of Perfect Grace, may we receive into our hearts the gifts You have given us, gifts by which we persevere and persist, above all Your gift of Grace. May we take care of each other and ourselves and the earth, knowing all things and beings are Your creation and our bodies are temples of Your spirit. May we in this disoriented and disorienting age get the rest we need, eat the food we should eat, and engage in activity good for our well-being and our wholeness and the earth's. May we take time to stop and sit and smell the blossoms of beauty all around us. May we take the time to stop and sit and see the tender tenacity of each blessing given to us in this earth, on this earth. May we take the time to move and walk and experience the forest from the trees and the trees in the forest. May we marry each moment we have with friends and family and loved-ones.

Yes, God, You who are Community, may we in turn care for and honor our inner need to experience community. Help us to see that the only way to do this is to experience it. May we be inspired by your own faithfulness toward us. May your love-moved life living and breathing and moving in the world move us to live-out our love for each other and for your church. May it move us to a greater commitment to faith and to this community of faith throughout the year. Help us not to be creatures of the habitual search for perfection or the perfect community.

(Continued on next page)

And finally, O Lord of Love, I pray that from this we would seek to apply the law of love, the only essential law in the universe, to our world and to our nation. May we see in friends our soil, our food, our medicine. May we see in the stranger a longing for belonging and fill it. May we see in each other kindness, compassion, care for family and community. May we see in each other we all seek good lives. May we see in each other eyes God's love mirrored, and help us to magnify and progress that love.

May this be the year not of rage or restlessness or ridicule but of a year of transformation, rootedness, and a cultivation of Your way in the world. May the Lighthouse of Your Love melt break the fog and lead us to the home of Your realm.

Amen.

I wish you all a wonderful and blessed New YearPastor Don

January 7 Triple Moon Coffee Presents: Nalani Proctor

Nalani Proctor is a solo songwriter based in Iowa. Growing up in the small towns of Keokuk, IA, and Kahului, HI shaped her love of music, and sharing stories, but also pulled her in opposing directions of belonging, never quite fitting in as Hapa Hawaiian. Now, she's carving her own way, pulling from her personal experiences, her love of acoustic World music, underground punk and rock, folk tales she loves to retell, drawing themes from nature, painting, crafting, and sneaking in the few Hawaiian words she knows. She sings deceptively simple melodies over sometimes clunky guitar playing, letting her feet walk among organ pedals to create a soundscape to get lost in. Learn more about this one woman band at www.nalaniproctor.com, listen on spotify, apple music, or any preferred streaming service.
