

# International Brotherhood of Electrical Workers

**Local Union**

**Number 676**

IBEW Endorsement  
April 2, 2026

Dear Alicia Trawick,

On behalf of the members of the International Brotherhood of Electrical Workers (IBEW), Local 676 we are proud to formally endorse your candidacy for Mayor of Pensacola.

Our union represents hardworking men and women who keep our city running every day, and we take our responsibility to support leadership seriously. After careful consideration, we believe you are the candidate who best understands the needs of working families and has demonstrated a clear commitment to building a stronger, more equitable community.

Throughout your campaign, you have shown a dedication to protecting workers' rights, supporting fair wages, investing in public services, and ensuring safe and dignified working conditions. Your vision for thoughtful economic development, infrastructure investment, and community resilience aligns with the values our members stand for.

We are especially encouraged by your commitment to:

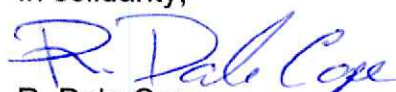

- Supporting good-paying, local jobs
- Strengthening public services and infrastructure
- Advocating for responsible and sustainable growth
- Listening to and engaging with working people across our city

Our members are ready to stand with you. We will work to mobilize our membership, encourage voter turnout, and ensure that working families' voices are heard loud and clear in this election.

We are confident that under your leadership, Pensacola will move forward in a way that benefits all residents—not just a few.

Thank you for your commitment to our community and for earning our trust and support.

In solidarity,

R. Dale Cope  
Business Manager
