

# IS YOUR BUSINESS PROTECTED AGAINST RANSOMWARE

**Don't let Ransomware Hackers control your business!**

Ransomware attacks are on the rise in 2024. Don't let your business suffer from not being prepared for cybersecurity issues like this.

The High Tech Solution can help you protect all of your business data from ransomware encryption. We have partnered with Datto/Kaseya to provide protection to all of our clients with 100% Recovery Confidence!

A graphic with a dark background featuring a large, glowing red padlock. The words "RANSOMWARE ATTACK" are written in a bold, white, stylized font with a red outline, positioned in front of the padlock. The background also has some blue and red circuit-like patterns.

# RANSOMWARE ATTACK

## The "Siris 5" - Backup and Recovery Solution

The Best Defense for Ransomware

While the Datto SIRIS appliance provides multiple levels of backup verification including ransomware scanning, but what happens if your backup solution comes under attack? SIRIS was designed with security in mind with mandatory 2FA access to the cloud based administration portal, the immutable Datto Cloud with exclusive Cloud Deletion Defense™ and backup snapshots that can't be corrupted by ransomware. Other features include local nightly and offsite backups for DR and BCP solutions.
