| <p>California needs to break free of nearly three decades of Democratic Rule! We have strong candidates but must be strategic to not split the vote and give a Top Two Majority to the Dems. WVRW wants you to always VOTE YOUR CONSCIENCE, however, we strongly recommend that voters review the latest polling on this race to unite behind whichever candidate is in the lead and has the best chance to make it into the runoff. Review the latest polling analysis on CA Governor's Race here.</p> | | | | |
