President's Message

“Stand Strong!”

Stand Strong – we have just begun to fight! The events that have unfolded in the last week regarding the election of our next president have been both frightening and unbelievable. The long drawn out results of important electoral votes to determine who holds the White House have been agonizing. We have all worked hard to support our President and our local Republican candidates. We held high hopes that we could take back our golden state, return California to a two- party system, and keep our beloved President in the White House. Many of our dreams have been shattered in the face of fraud, dishonesty, and lies. We may not have experienced the Red wave we wanted for our state, but we must not and will not let evil win. In our efforts to support Donald Trump, our Republic and our Constitution are at stake and we will not stop.

Voter fraud in this election has been rampant. The number of deceased voters is staggering. The voter rolls have not been cleaned at all in many states. An easy fix would be showing ID at the polls but why do you think the Dems don't want it? Our President is filing lawsuits in Michigan, Pennsylvania, and Wisconsin. There are witnesses who will attest under oath that they observed instances of election fraud. We cannot allow this election to be stolen. There is too much to be lost in a Biden/Harris administration.

We elected Donald Trump 4 years ago because he wasn't a politician. Because he promised to drain the swamp that has invaded our government over many years, and we cannot give up on him now. Fly your Trump flag and wear your 2020 t-shirts. This is not over. We have a President who fights, and we must now fight with him and for him.

If you Can't Beat 'Em, Join 'Em!

September 2020, I was travelling across the US heading for the Dakotas. It felt strange being so far from my CA home, but as I travelled through the open highways and byways of Utah and Nebraska, the barren boring fields suddenly became alive with those huge familiar Trump signs, flags, and banners all waiving me on to my destination. Wow! I was in shock to learn all the states were Trump supporters and stunned at the realization of how closely-united the US really is through Trump.

America, Home of the Brave and Freedom of Speech.

The nominating committee has met to determine the slate of candidates for the WVRWF 2021 Executive Board of Directors. All positions are open. If you are interested in running for a position on the Board please contact Karen Wetterlind at karen@tiffanytravel.com as soon as possible.

WVRWF events are held with a clear understanding and respect for the COVID-19 restrictions. Masks and hand sanitizers are made available at all our events. We also respect the rights of the individual to make their own adult decisions as to attending our meetings.

REPUBLICAN HEADQUARTERS!

Members attend the official opening of the Republican Headquarters. The official campaign headquarters opened on Thousand Oaks Blvd in late September. The opening was attended by more than 75 members of various Republican Women's Clubs throughout the Conejo Valley. Volunteers man the office everyday selling Trump memorabilia and circulating yard signs and information for candidates in the Nov 3rd election.

OCTOBER GUEST SPEAKER EVAN SAYET

*On October 7th, members of WVRWF were educated and entertained by conservative comedian and author, Evan Sayet. The evening was held at the home of Donnell and Bill Nichols. Even shared with us the details of his new book, *The Woke Supremacy*. It describes how the socialist moment was started years ago in our country with the aim of educating our young people and infiltrating our government while working to take over our government. It was a sobering lecture and a reminder of how we need to stay alert to the dangers of socialism and the threat it presents to our republic.*

WVRWF HAPPY HOUR

On October 28th, Happy Hour was held at Tavern 101 on Agoura Road giving members the opportunity to hear from our local candidates running for office. Guests included: Ronda Baldwin Kennedy running against Julia Brownly for Congress, Denise Pedrow for Assembly and Human Salem for Senate District 27 in Sacramento.

California Legislative Update

Given the current uncertainty of the election results and the numerous cries for ballot recounts we will hold off reporting any information at the writing of this edition of the Trumpet. Please look for results to be listed in the December issue of our newsletter.

Regarding Recall Gavin Newsome Petitions

A Sacramento judge has extended the deadline to gather recall petitions from November 17th to March 17, 2020.

Please continue to collect signatures to help us to recall this Governor who has done so much to destroy California. The goal is to collect 2 million signers, which is 500,000 more than is required to hold a special election.

Print ballots at the official site: recallgavin2020.com.

None of us know how this election is going to end. The *media* has called the race for Biden; however, there is ongoing litigation in multiple states and none of the results have been certified. Certification is the process by which the results of an election are made official.

We cannot have a free country if we cannot trust the election process. Trump is fighting for the integrity of a free and fair election, without fraud, which is the basis of our Constitution and Democratic process. If we do not protect the integrity of our elections, we are never going to have a safe election again and the Republican Party will never be able to compete on a level playing field. **President Trump is fighting all the way to the finish line.**

Corrupt elections are not new to those of us in California. Pelosi did her trial run two years ago when several Republicans had won on election night and lost 10-14 days later. **Fortunately, President Trump and his legal team are doing everything they can to ensure election integrity.**

Thirteen new Republican Women have been elected to the House of Representatives. Hopefully, California will add two more with Young Kim and Michelle Steel.

It is imperative Republicans keep control of the Senate. Georgia has two runoffs on January 5. If nothing else changes between now and January 5, the State of Georgia will decide control of the Senate. If Democrats have control of the White House, the House, and the Senate, they will end the filibuster, pack the U.S. Supreme Court, add two new states and four new Democrat Senators, repeal the Trump tax law and pass a

Continued next page

green new deal that will destroy millions of jobs. It is critical that the Republican Senate Majority stands at the gate to protect us from harm that would otherwise be done.

NFRW will be sending a strike force to Georgia. If any of you want to participate, please let me know.

How can we help in California? Volunteer to watch ballots get counted. This is the most important action you can take. In addition to your local candidates, the Congressional races for David Valadao, Mike Garcia, Young Kim, Michelle Steele, and Jay Obernolte are still too close to call. They need your help too.

President Trump has guided us on how to help him.

1. Contribute to Trump Legal Defense Fund at DonaldTrump.com
2. Call Voter Fraud Hotline at 1-800-895-4152 with Irregularities
3. Stay Ready, Stay Calm and Proceed within the Law with Peaceful Protests and Rallies

Please help oversee the counting of ballots for your local candidates and our California Congressional candidates where there are close races. Please help by pouring your passion into Georgia so that Republicans keep control of the Senate.

Pray the Presidential Election turns around!

I was born in New Mexico, and moved to Northridge, CA at age 8. I attended Van Nuys High School, majored in Mathematics, and sang in the choir. Upon graduation, I went to California State University Northridge where I received a BA in Math with a minor in English, a secondary teaching credential in both Math and English, and a MS in Mathematics. My professional career began at Luther Burbank Junior High School in Burbank where I taught math for 6 years. Upon completion of my master's degree, I entered the business world as a computer programmer. This is where I met my husband, Hal. We lived in Canoga Park, but after 4 years moved to Thousand Oaks where we have been ever since. When our son James left home to attend the University of California at Santa Barbara, I was hired to work full time by DeVry University, but remained teaching at Moorpark College on a part time basis. In January 2020, I retired with the onslaught of Covid-19 and virtual learning. I might return to Moorpark College in the fall of 2021. At that point, I hope to resume singing in the choir and Jazzercise at the park!
