A Conservative's Job is Never Done

by Dale Thomas
WVRWF President

We all seem to agree that being a Republican in California is a thankless job.

With dwindling numbers among our ranks, our cohorts turning tail and moving out of state and many wondering if our vote has any value anymore it is more important than ever for those of us who believe our state is worth fighting for to stand up and fight.

We have watched as crime runs rampant, inflation ranges, education fails and homeless numbers increase. There is only one thing that remains consistent - we keep electing liberal progressive politicians. It begs the question - when will we make it stop?

Try Now! We can take heart in Ventura county where we have a conservative majority in our Board of Supervisors for the first time in 40 years. Thanks to the election of Jeff Gorell and Janice Parvin, measures are currently being taken to curb the liberal agenda that has plagued us for so long in our county.

Sanity is beginning to surface. Let's celebrate this opportunity and build our future around it. Every movement needs a starting point and this is ours.

Join our club now or renew your membership. Bring like-minded friends. Enjoy the upcoming months of programs and speakers that will provide you with information to help you stand up and fight. With a little luck and a positive attitude - the sun will come out - its already peeking through the clouds!

God bless,
Dale

The Elephant in the Room by Jeanne Llewellyn

#WalkAway is BACK!

After three years Brandon Straka, the founder of the #WalkAway Campaign which was deplatformed, demonetized and demonized, has RETURNED!

The movement, launched in 2016 at the beginning symptoms of the Trump Derangement Syndrome, attracted over a million followers. It all started with a video of Brandon Straka coming to terms with the lies of the Left and Deep State corruption; and his awakening to Trump's America First policies.

His video went viral and a movement was born.

Then the unthinkable happened. The Left's Censorship-Industrial Complex, an

unprecedented collaboration between the FBI, DoJ, DNC, Google, PayPal, Facebook, Twitter, MSM et al, began its movement of illegal and unconstitutional censorship, defamation, prejudice and discrimination determined to silence and financially ruin every relevant Conservative voice at the time.

FINALLY, the GOP has tipped the scales of Congress and The Truth is coming to bear.

We The People will be silenced no more.

Our First Amendment rights are winning the greatest challenge they have met in almost 250 years. We can not allow our inalienable rights and the hard won principles of our democratic republic give way to despots and tyrannical rule.

We must ensure our government systems can not fall prey to covert, clandestine, surreptitious, underhanded bureaucrats and politicians. Information NOT propaganda must be unfettered and unedited.
Our children must be taught how to think critically to know the difference.

New WalkAways are happening every day - Let's make sure we welcome them.

**An Elephant Never Forgets
WVRWF Book Club**

Our March selection was *I am the Storm*, by Janice Dean.

In *I Am the Storm*, Janice shares the stories of others who stood like David against Goliath, choosing to fight for what was right rather than take the easy path. In the book, she shares stories from ordinary people doing extraordinary things.

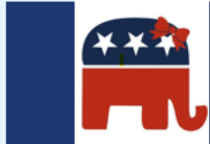

We had a very good meeting March 9th, where we had a raucous discussion about affirmative action, as well as talking about the Janice Dean book *I Am The Storm*. Great refreshments (corned beef sliders yum) and wonderful company as always.

Next, we are going to read Ron DeSantis' book *The Courage to Be Free*. There should be a very interesting discussion afterwards.

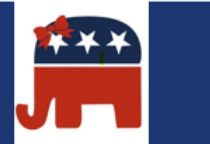

All Members and Associate Members are welcome to join us - even if you haven't read the book.

For more Book Club information - see our section on the **WVRWF Events** page.

Member Spotlight

Rose (Rosalinda) Hernandez, Latina, Hispanic, Chicano, I like to refer to myself as an **American** born in San Antonio Texas and raised in West Los Angeles California. English was not my first language and like others I was born a Democrat. That changed when I entered the work force.

My work career started when I attended UCLA working as a financial aid counselor. In 1984 moved to Thousand Oaks and began a 30-year profession in banking, where I held several sales management positions.

Community involvement was a passion of mine; Thousand Oaks Chamber, Westlake Village Sunrise Rotary, and others. In 2015 after the birth of my first grandson, I retired as District Manager from JP Morgan Chase and became involved with Westlake Village Republican Women.

I have a daughter and 2 grandsons living in Sydney Australia, who I visit as often as I can. I have a passion for travel and when I am not traveling, I enjoy working with the amazing women in this organization.
