

"They don't care what you know...  
until they know that you care"

Strong Solutions Services are individually  
tailored based on the B.U.I.L.D principle  
developed using the individual's goals.

### B.U.I.L.D

Better Understanding Involves

until they know that you care!*

# Services for Special Needs

## Residential Habilitation Services

Residential habilitation services are provided to assist individuals to acquire, retain, and improve the self-help, socialization, and adaptive skills necessary to maximize independence and to live in the most integrated setting appropriate to the individual's wishes and needs.

Based on the age and residence of the individual, residential habilitation services are rendered as supported-living habilitation services or group-home habilitation services.

Group-home habilitation services are provided in our licensed assisted living home, supported-living habilitation services are provided in the individual's own home.

## Assisted-Living Services

Assisted-living services are provided for individuals who need assistance with the activities of daily living, but whose need for institutional level of care can be met through the support provided in a 24-hour residential assisted-living home.

## Day Habilitation Services

Day habilitation services are provided to assist individuals to acquire, retain, and improve the self help, socialization, and adaptive skills necessary to live successfully in their home and community. These services provide supervision and a secure environment for individuals, may be planned to reinforce skills or lessons taught in other settings, and may include both individual and group activities.

In addition, day habilitation services may be provided to assist individuals to participate in meaningful retirement activities, including hobbies, clubs, and other senior-related activities available in the community.

## Respite Care Services

Respite care services are provided for primary unpaid caregivers that need relief or will be unable to provide care for individuals for limited periods of time.

## Transportation Services

Our new wheelchair accessible van provides transportation services to individuals when

natural supports are not available to provide transportation, and the services are necessary to enable individuals to travel to locations where waiver or grant services are provided, or to other community services and resources.

## Chore Services

Chore services are provided for an individual only when the individual, or anyone else in the household, is not capable of performing or financially responsible for the tasks required to maintain a clean, sanitary, and safe home environment.

## Supported Employment Services

Supported employment services are provided to assist individuals to acquire and maintain the work-related skills necessary to become self-employed or for employment in an integrated work setting in the general workforce.

## Environmental Modification

Environmental modification services are provided to enable the individual to function with greater independence in the home, or when physical adaptations to a residence are necessary to meet the individual's accessibility needs. Strong Solutions oversees an environmental modification project performed by a licensed contractor.
