How do family life challenges affect your workplace?

Productivity in the workplace is of the utmost importance for any company to thrive. When a company is productive, it increases its profitability and lowers production costs. At the same time customer services improve which leads to better business relationships.

"FAMILY MEDIATION SERVICES THAT ARE FAIR, AFFORDABLE and EFFICIENT"

General causes of low staff productivity in the workplace:

- Absenteeism
- Substance reliance
- Indebtedness
- Low morale

We tend to forget that **Family Life challenges** are real and the effect they have on an employee's productivity is overwhelming. E.g.:

- Divorce
- Separation
- Maintenance
- Child maintenance
- Other family conflict

What does MEDIATION NETWORK offer?

- **Divorce Mediation**
  Divorce is stressful for the entire family. Mediation provides a facilitated, legally formalized process of negotiations.
  We offer clients access to our panel of:
  - Mediators
  - Attorneys
  - Social workers
  - Financial advisors
  - Psychologists
  - Play Therapists

- **Parenting Plans**
  A Parenting Plan is a roadmap for separated or divorced parents. It ensures co-operation from both parents for a better future for their child(ren). It helps to reduce future conflicts by reducing tension and stress on the entire family.

  MEDIATION NETWORK provides a comprehensive plan for a fraction of the cost in a more timeous manner compared to conventional channels.

- **Maintenance Assistance**
  Every child deserves to be maintained by BOTH parents. This can be achieved through a mediated process that is confidential and transparent. It can also be referred to our panel of experts to ensure that the child(ren) remain(s) protected, and the individual parents are not taken advantage of.

- **Education and Training Offerings:**
  MEDIATION NETWORK offers the following unique and exciting add-ons FREE of charge:
  - education and training seminars to companies and their employees to enlighten and empower individuals about mediation and the positive affect it has on everyone involved in the mediation process.
  - electronic information regarding mediation and the benefits thereof.
