

26 MARCH 2024

BALTIMORE, MARYLAND – The All-American Intelligent Solutions, Inc. family is deeply touched by the outpouring of concern and support we've received from our partners, friends and community in the aftermath of the morning's Key Bridge accident. Please be assured that our team is safe and accounted for, but we are not untouched by this tragedy.

While we are immensely thankful for the safety of our people, we understand that others may be facing challenges in the wake of this tremendous loss. As we move forward together, please know the entire team at All-American Intelligent Solutions, Inc. is standing by, ready and willing, to provide assistance in any way we can. Whether through trucking or logistics resources, a temporary space south of I-695 East from which to work, or connecting those in need to our partnerships, we are here to lend a helping hand.

We are committed to helping our community rebuild and recover. If you or anyone you know requires assistance or support during this time, please connect them to us (or us to them). Together we can navigate this challenging period and emerge stronger than before.
