

TOTAL PROTECTION. TOTAL CONFIDENCE.™

Owens Corning®
Total Protection Roofing System®

OWENS CORNING

OVER 75 YEARS OF BUILDING PERFORMANCE LEADERSHIP

✓ Innovation is in our DNA

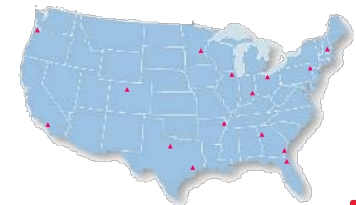

- Inventor of FIBERGLAS™ fibers for insulation
- Introduced the first FIBERGLAS™ asphalt roofing shingle improving durability and performance

✓ Commitment to innovation continues

- Patented SureNail®** technology on Duration® series shingles for exceptional wind protection – 130 MPH wind warranty* performance

✓ Made with quality in the U.S.A.

- 15 Manufacturing locations
- Over 100 manufacturing process checks per minute

*See actual warranty for complete details, limitations and requirements.

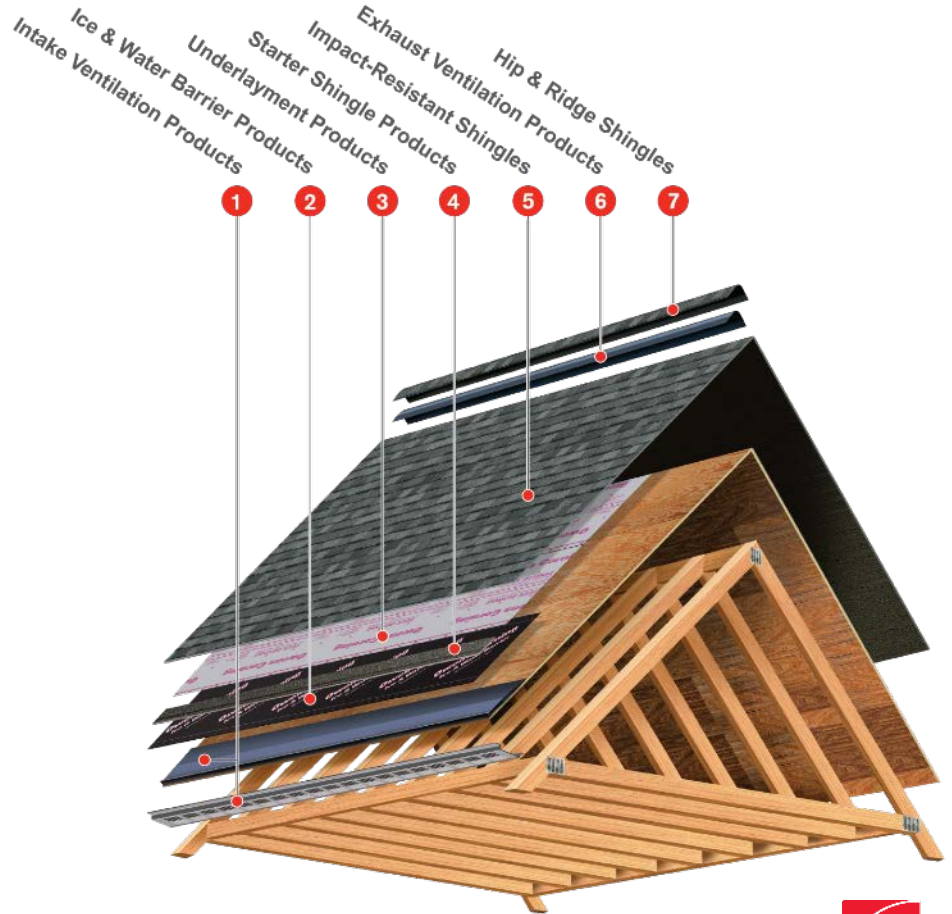

**SureNail® Technology is proprietary with U.S. and foreign protection including U.S. Patent Nos. 7,836,654; 8,156,704; 8,181,413; 8,240,102; 8,430,983; 8,607,521; 8,623,164; 8,752,351; 8,991,130; 9,121,178; and other patents pending.

TOTAL PROTECTION IS MORE THAN SHINGLE-DEEP.

Choose beauty that performs with a complete roofing system

An integrated roofing system, layer by protective layer

SEAL.

- Ice & Water Barrier
- Underlayment

TOTAL PROTECTION. TOTAL CONFIDENCE.™

THREE STEPS TO PROTECT YOUR BIGGEST INVESTMENT

DEFEND.

- Starter Shingles
- Shingles
- Hip & Ridge Shingles

BREATHE.

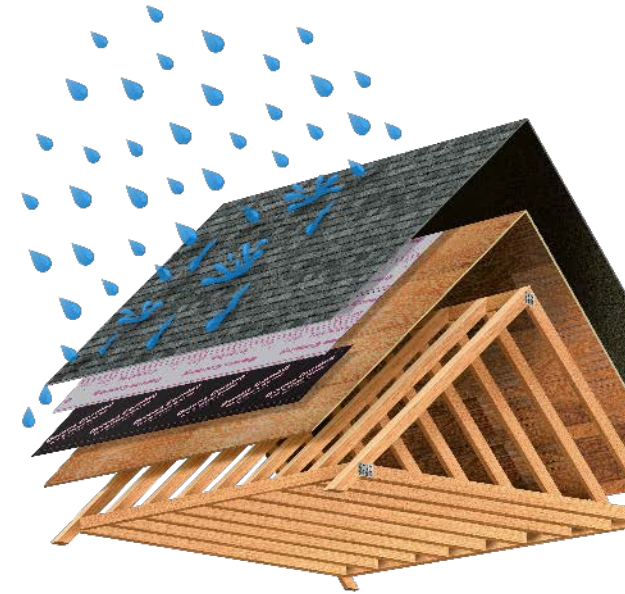

- Intake Vents
- Exhaust Vents

HELPS CREATE A WATER-PROOF BARRIER

1 SEAL.

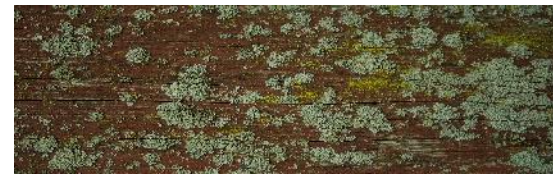

Block water resulting from ice damming, wind-driven rains and normal water flow.

A properly sealed roof helps prevent rot and mold

Rot

Mold

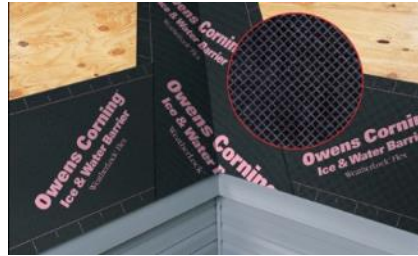

1 SEAL.

- Ice & Water Barrier
- Underlayment

HELPS CREATE A WATER-PROOF BARRIER

CREATE A SECONDARY WATER-SHEDDING BARRIER

WeatherLock® Self-Sealing Ice & Water Barrier

Designed to protect the roof where water tends to collect, including valleys, vents, chimneys and skylights.

Deck Defense® Roof Underlayment

Features a durable, synthetic construction that helps shield from moisture infiltration. Provides roof deck protection from UV exposure for up to 6 months.*

ProArmor® Synthetic Roof Underlayment

Fusion Back Coating Technology adds a unique bottom surface coating, reducing the chance for tears that cause leaks, as compared to other felt underlayment.

HELPS PROTECT AGAINST NATURE'S ELEMENTS

Add a tough, yet beautiful, layer of defense with strong adhesion that resists blow offs and helps shed water away from the roof deck.

Helps protect the most vulnerable areas such as eaves and peaks

Blow Off

Impact

2
DEFEND.

HELPS PROTECT AGAINST NATURE'S ELEMENTS

CREATE A TOUGH OUTER LAYER

Starter Shingles

Creates a secure seal of protection on the first row of shingles, along the eaves, defending against blow offs.

Owens Corning® Shingles

Full line of shingles, designed with an outstanding level of durability and aesthetics.

Hip & Ridge Shingles

Specially designed, tested and warranted to protect roof peaks against the weather. Designed to bend over roof's contours for high wind performance and an attractive, finished look.

2 DEFEND.

- Starter Shingles
- Shingles
- Hip & Ridge Shingles

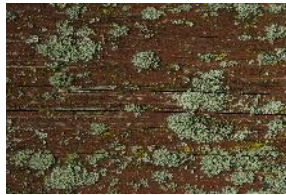

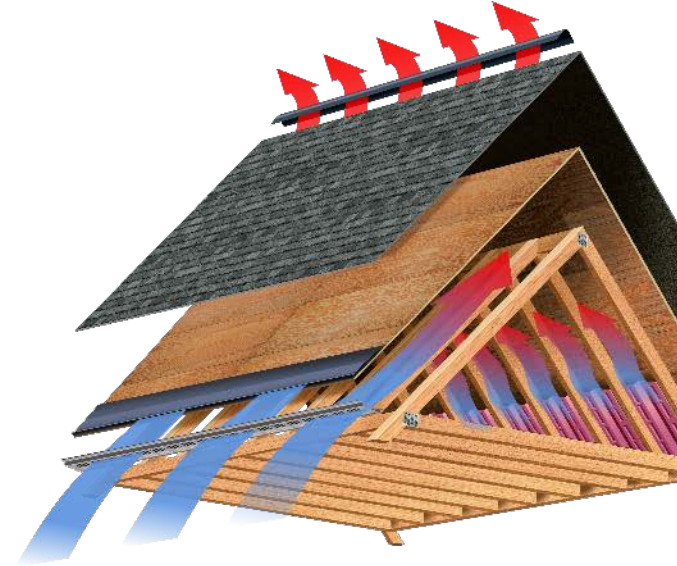

BREATHE.

FOR BALANCED ATTIC VENTILATION

Reduce heat and moisture buildup that can lead to ice damming, roof deterioration and mold infestation.

Helps air flow through the attic to manage temperature and moisture

Mold

Ice Damming

Heat Buildup

BREATHE.

- Intake Vents
- Exhaust Vents

FOR BALANCED ATTIC VENTILATION

OPTIMIZING AIRFLOW IN YOUR ATTIC

VentSure® InFlow Vent®

The VentSure® InFlow® Vent helps reduce heat and moisture buildup that can lead to ice damming and roof deterioration. Keeping your attic well-ventilated may even reduce your heating and cooling costs.*

*savings may vary

Ventsure® RidgeCat® Rolled Ridge Vent

The Ventsure® RidgeCat® has a low-profile design and straight edge that provide a sleek, finished appearance that is virtually invisible from the street. The breathable UV filter protects against dust and insect infiltration to enable long-lasting performance.

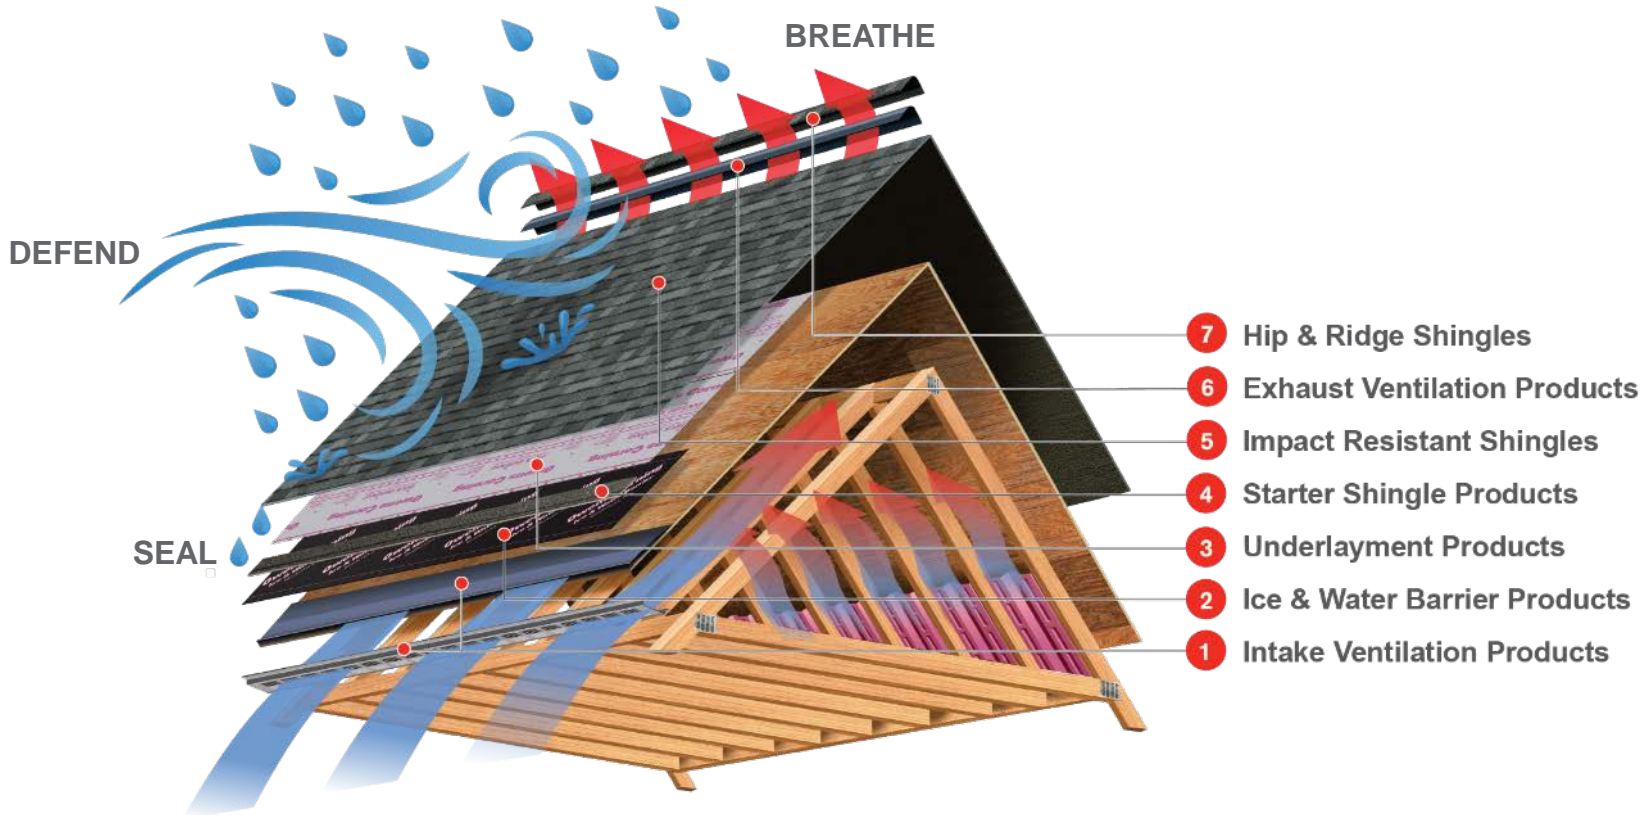

VentSure® 4-Foot Strip

VentSure® 4-Foot Strip Heat & Moisture Ridge Vents work with VentSure® intake vents and/or VentSure® InFlow® intake vents to help improve air flow through the attic. They are flexible enough to conform to virtually any roof slope and have a unique baffle design and Weather PROtector® moisture barrier to help provide outstanding performance.

PEACE OF MIND FOR YOUR BIGGEST INVESTMENT – YOUR HOME

TOTAL PROTECTION. TOTAL CONFIDENCE.™

Total Protection Simplified

OWENS CORNING SHINGLES – A SEAMLESS BLEND OF PROTECTION, PERFORMANCE AND BEAUTY.

A BROAD SELECTION OF STYLES AND COLORS

Specialty

Architectural

Traditional
