MUNDIAL

Although the Mundial padel court has a panoramic glazed area, its design features a more reinforced and robust structure.

Perfect for both indoors and outdoors, its character is more than able to cope with the stress and strain of prolonged padel sessions.

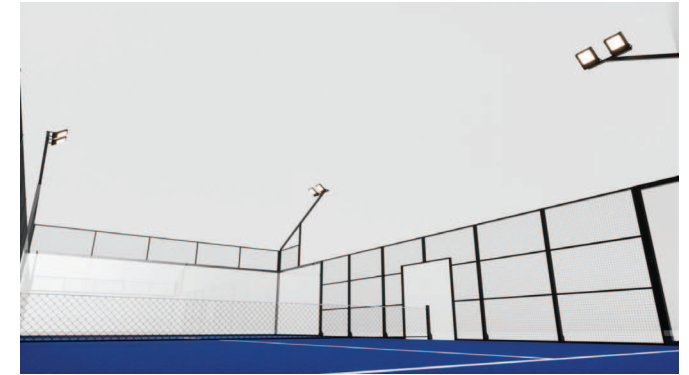

LIGHT POST

To be chosen from one of the 4 different types:
– Curved tied posts. – Angled tied posts.
– Galis posts. – Straight tied posts.

CORNER PILAR

4X4" pilar to reinforce the corner.

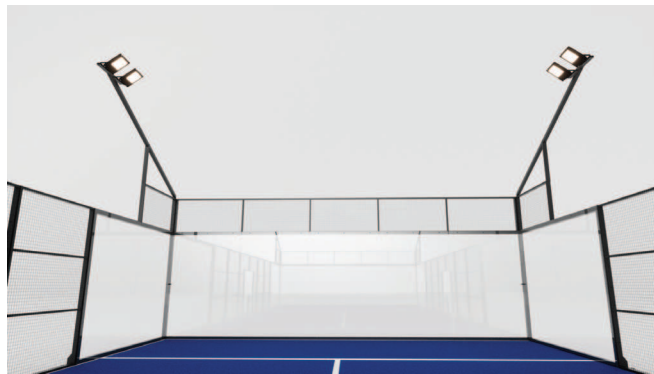

STRUCTURE PAINTING

Stove-finished paint.
Extra coating.
Wide range of colours to choose from.

ENTRANCES

Two entrances with the option to add sliding or swinging doors or even have no entrance at all.

PORTABLE KIT

Make your court portable with our portable kit.

STEEL STRUCTURES

Manufactured with galvanized steel, provides an extra anticorrosive protection

ULTRA PANORAMIC

Our Ultra-panoramic padel court maintains the idea of a totally panoramic glass area without any visual obstacle.

The Ultra-panoramic court has a more discreet design and an additional and indeed barely noticeable glass reinforcement. Maximum visibility on all four sides.

LIGHT POST

Exclusive curved tied posts with a 4x1 inches pillar.

CORNER PILAR

No corner pillar to maximize vision.

STRUCTURE PAINTING

Stove-finished paint.
Extra coating.
Wide range of colours to choose from.

ENTRANCES

Two entrances with the option to add sliding or swinging doors or even have no entrance at all.

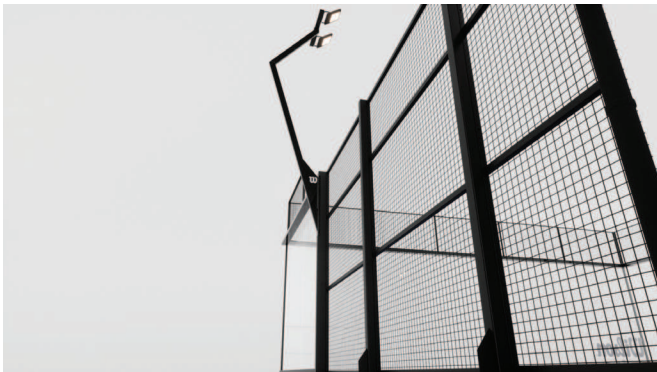

STEEL STRUCTURES

Manufactured with galvanized steel, provides an extra anticorrosive protection

WILSON ELITE

The Wilson Elite court stands as a symbol of the communion of two brands that share a huge passion for sport. The world's leading racquet brand has entered the world of padel courts in a big way. The main structure of the court has a matte black finish while the official Wilson Elite posts and sheets have a glossy black finish.

LIGHT POST

Wilson-exclusive design.

CORNER PILAR

1x1 inches exclusive for Wilson court Less Steel same performance and clearer view.

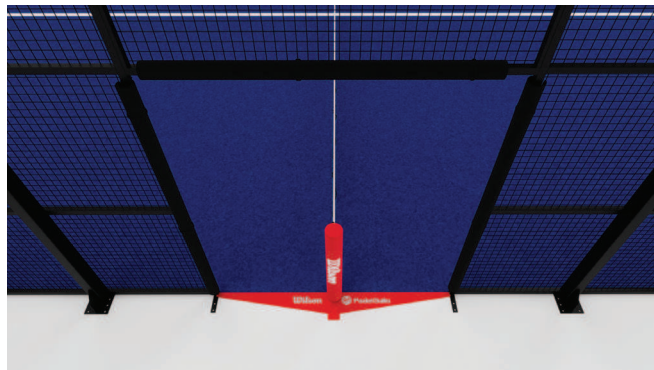

STRUCTURE PAINTING

The court's structure has two colours: satin black and ultra gloss piano black. The net posts and plates are painted in Wilson's official red.

ENTRANCES

Two entrances with the option to add sliding or swinging doors or even have no entrance at all.

PORTABLE KIT

Make your court portable with our portable kit.

NET PLATE

Wilson and PadelGalis exclusive design.

SPECIAL EDITION

Our official World Padel Tour Special Edition court has been specially designed to host the best players in the world.

With a completely panoramic glass area, the WPT Special Edition is the perfect court if you are looking for spectacular sporting entertainment and the prestige of a court approved by the World Padel Tour.

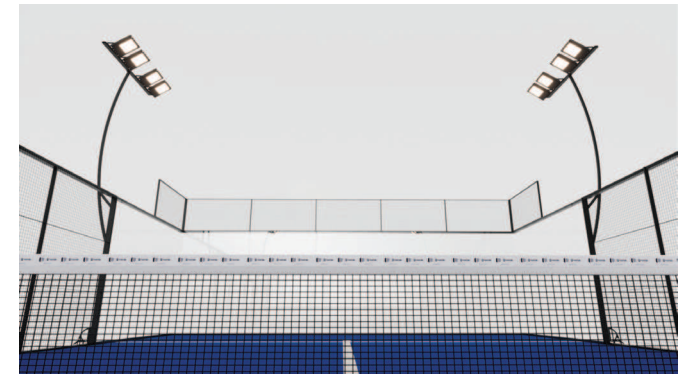

LIGHT POST

Exclusive WORLD PADEL TOUR light posts.

CORNER PILAR

No corner pillar to maximize vision.

STRUCTURE PAINTING

The court's structure has two colours: satiny black and ultra gloss piano black. The net posts and plates are painted in Wilson's official red.

ENTRANCES

Two entrances with the option to add sliding or swinging doors or even have no entrance at all.

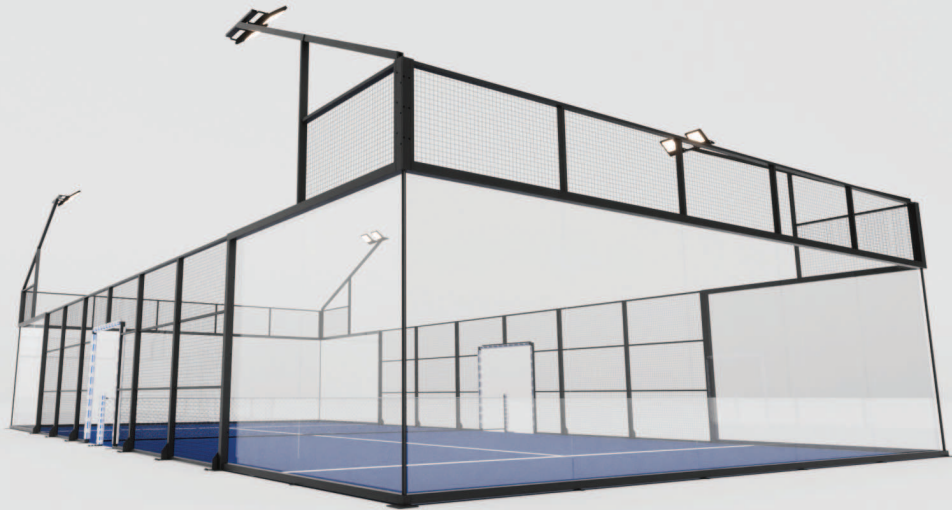

NET AND GUARDS

Official design with the World Padel Tour logo.

ID PLATE

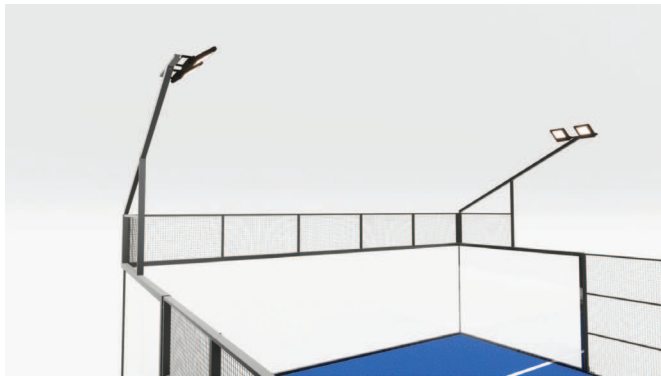

Homologated WPT plate with serial number.

CHALLENGER

What we wanted to do with the official World Padel Tour Challenger court was to maintain a panoramic design while introducing a few minor changes in relation to the functionality of the court.

The Challenger retains all the prestige of being an official court and the ability to offer maximum visibility.

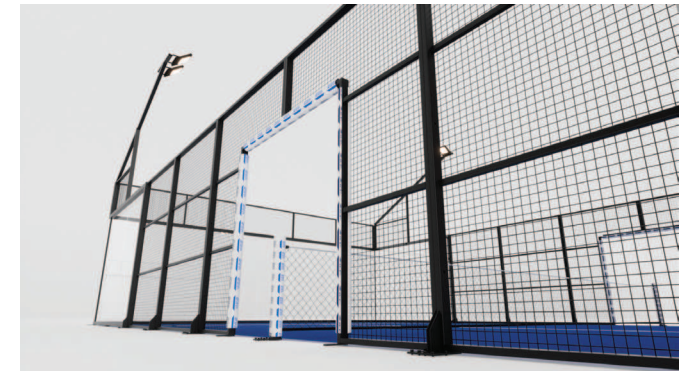

LIGHT POST

To be chosen from one of the 4 different types:
– Curved tied posts. – Angled tied posts.
– Galis posts. – Straight tied posts.

CORNER PILAR

Thin one and a half inches tube in the corner to offer support without sacrificing vision.

STRUCTURE PAINTING

Stove-finished paint.
Extra coating.
Wide range of colours to choose from.

ENTRANCES

Two entrances with the option to add sliding or swinging doors or even have no entrance at all.

PORTABLE KIT

Make your court portable with our portable kit.

STEEL STRUCTURES

Manufactured with galvanized steel, provides an extra anticorrosive protection

HURACÁN

A court conceived to endure the strongest winds a structure like this can handle.

While maintaining a good aesthetic, the first look at the court will make the players safe to play outdoors even when the weather might not call for a match.

LIGHT POST

Resistant straight tied posts.
8 LED lights. Filux or LED Project.
26000lm.

CORNER PILAR

7X7X0.1 inches pillar that grants structural integrity for the panoramic area.

STRUCTURE PAINTING

Stove-finished paint.
Extra coating.
Wide range of colours to choose from.

ENTRANCES

Two entrances. To preserve the structure's ability to withstand strong wind loads, there cannot be doors installed on this court.

CUSTOM PLATE

Reinforcement in the panoramic area with the court logo. Customise the court with your logo on this surface.

WIND LOADS

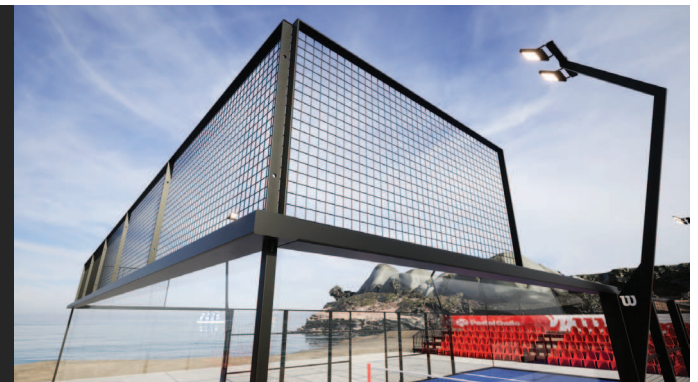

Capable of resisting 161mph wind loads.

HIGH WINDLOADS COURTS

99mph WINDLOADS

Our Mundial and Wilson ELITE models count with a 99 version that's ideal for outdoors, specially when strong winds are common in the area.

CASE STUDY

If you have doubts about your particular project, we can offer you assistance from our technical office to determine the best solution for your needs.

THE ULTIMATE COURT

Our court Huracán has been designed for the most extreme scenarios, capable to withstand 161mph wind loads.
