DECEMBER 2023

WHAT WE'RE LEARNING

In the month of December, our aim is to explore how different cultures celebrate the holiday season. Your child will be introduced to various customs and traditions from around the world, including Germany, Italy, France, Sweden, Mexico, Greece, Russia, Australia, Poland, Denmark, Canada, Portugal, Norway, Argentina, Philippines, Japan, India, South Korea, China, Vietnam, and Indonesia. This interactive experience will allow students to create lanterns and stars that represent the diverse Christmas celebrations.

EMPLOYEE OF THE MONTH

As a team, we want to take this opportunity to acknowledge and appreciate Ms. Erika, the Owner/Founder of ATC, for her unwavering commitment and hard work. Your dedication to your staff, parents, and centers is unparalleled, and we are grateful for your leadership. We appreciate your continued support, and we look forward to expanding with you.

UPCOMING ATC EVENTS

Our preschool class has been granted a remarkable opportunity to write and illustrate a book that will be published by Student Treasures. This project will allow us to showcase our creativity and writing skills. Moreover, parents will have the option to purchase the book, making it an ideal holiday gift.

AT HOME

Sticky Wall Gingerbread Man Activity

This gingerbread man activity is a fun way for kids to create art and develop fine motor skills. The best part is that they can do it over and over again!
