NEW PLAYGROUND IN LAKEWOOD COMING SOON

### SCHOOL HIGHLIGHTS

This quarter, we've explored the wonders of Life Cycles & Habitats, watching seeds sprout, animals grow, and discovering how living things thrive. Now, we're ending on an egg-citing note—hatching baby chicks! 🐣

With incubators in our classrooms, the kids will witness the magic of life firsthand as we watch our chicks hatch and grow. It's the perfect way to bring our lessons to life and spark even more curiosity! We can't wait to share this special experience with them! 🌱🌟
