

Southern Ground Pounders SGP Points System

Points shall be awarded by finishing position within each class, with 1st place receiving 50 points and each finishing position thereafter receiving 2 fewer points than the position ahead. Example: 1st – 50, 2nd – 48, 3rd – 46, 4th – 44, and so forth.

In the event of a rainout, all drivers officially signed in at the track at the time the rainout is declared shall receive 25 points.

Any driver who is present at the track and makes an attempt to compete in the feature, but is unable to do so due to mechanical failure, crash damage, or similar circumstance, shall receive last place points for their division. If more than one driver in the same division is unable to make the feature, those drivers shall be ranked at the rear of the finishing order based on the order in which they were eliminated, with the first driver eliminated being scored last.

There shall be no drop races. All events count toward the season championship.

All points are awarded to the driver, not the car. If a driver competes in multiple divisions throughout the season, points earned on a given race night shall be credited only to the division in which that driver competes in the feature. Under no circumstances may a driver receive points in two divisions during the same SGP event, except in the case of twin race events, where each race shall be scored separately.
