

## TEAM PROFILE SUMMARY

Uniquely talented and passionate people working towards an AatmaNirbhar Bharat with a commitment to the highest quality, professionalism, and ethical standards to provide cutting-edge technology and products under the Make in India program.

### ROHAN MANTHENA / MANAGING DIRECTOR

#### Educational Qualification – Master's in Engineering

Master's in Mechatronics and Robotics and Bachelors in Mechanical Engineering from one of the most prestigious Engineering universities in France, Arts et Métiers ParisTech. Worked in the Port building and automation industry in France for 3 years. At the very beginning of his career, he was the Lead of a project worth 1.5 million euros, in recognition of his problem-solving abilities, excellent technical skills, and prominent leadership qualities. At Unilever as a Project Manager, he headed Unilever's first de-palletizing 6-axis robot project for the packaging sector and on successful implementation, it was replicated across the industry.

With his vast exposure to the European culture and his core Indian problem-solving mindset, he has started this entrepreneurial effort with his partners to contribute and make a positive impact in building a technologically strong India.

He is also a lead actor in the Telugu film industry.

### ROHITH PAGADALA / CHIEF EXECUTIVE OFFICER

#### Educational Qualification – Master's in Engineering

Rohith Pagadala has been working in the IT and automotive industry for over 4 years and has been specializing in Data Integrations for multiple Fortune 500 companies. He received his Master's Degree in Statistics and Data Science from Michigan Technological University and has held a Senior Developer position at Mercedes Benz Financial Services where he was responsible for key integration between Mercedes Benz and HERE Maps.

With his background in Statistics and Integration, Rohith is a quick learner with endless creative energy. During his tenure at Mercedes Benz he gained experience from marketing and architectural design to coding and production.
