## LED LIGHTING GRANT

---

In December 2022, the UK Government announced that schools and colleges in England will receive a share of £500 million to spend on energy efficiency upgrades, such as LED lighting, which will reduce the effect of rising bills and manage energy consumption. This will not only help you save money, but will also increase energy efficiency for years to come.

Estimations show that your school could receive between £16,000 and £42,000. Further education establishments could benefit from up to £290,000.

Portes Electrical Ltd have already helped multiple schools in Bedfordshire.

# BENEFITS OF LED LIGHTING

---

- 💡 LONG LIFESPAN
- 💡 ENERGY EFFICIENCY
- 💡 MORE ENVIRONMENTALLY FRIENDLY
- 💡 NO HEAT OR UV EMISSIONS
- 💡 DESIGN FLEXIBILITY
- 💡 INSTANT LIGHTING
- 💡 CAN WITHSTAND FREQUENT SWITCHING ON/OFF
- 💡 LOW VOLTAGE OPERATION
- 💡 DIMMING CAPABILITIES
