BENEFITS OF A TRUST

A Trust is created to allow the private transfer of wealth to loved ones with ease and financial protections. Our Trusts are fully customizable and include layers of protection to cover every situation. An estate plan which uses a Will to transfer assets could involve probate court oversight. A Trust avoids probate court.

ALL OF OUR TRUST PLANS INCLUDE

Revocable Living Trust / Wills / Financial Powers of Attorney / Health Care Directives
Beneficiary Deed for your home / HIPAA Authorization / Memorandum to direct items of property
Certificate of Trust / Written funding instructions / Coordination of asset titling with your financial advisor

FOUR LEVELS OF PLANS

YOUNG FAMILY PLAN

INTENDED FOR: Young families who have minor children or plan to have children.

This plan includes everything a family with minor children needs to ensure their children are protected in case of an untimely death.

\$2,400 individual / **\$2,700** married couple

ESSENTIALS PLAN

INTENDED FOR: Straightforward clients with clear beneficiaries, stable goals that are unlikely to change, and minimal complexity.

The Essentials Plan is for people who have children and they want their lifetime savings to benefit only them. This plan allows clients to pass assets in a way where these recipients can protect their inheritance from possible divorce, bankruptcy, lawsuits, and nursing home costs.

\$2,900 individual / **\$3,200** married couple

ENHANCED PLAN

INTENDED FOR: Clients who are looking for a plan which will adapt over time and provide the greatest likelihood of NOT needing to visit an attorney to make updates as your family or financial situation changes.

The Enhanced Plan is our most frequently chosen plan for a reason. It includes everything in the Essentials Plan **PLUS adds in extra attorney time to plan for all the real-life extras** most families have or will need such as:

- Additional complex planning needed for those with over \$1 million in assets
- Planning designed to evolve over time as your life changes in the coming years
- Enhanced customization of trust terms
- More extensive planning in case any of your intended beneficiaries predecease you

*“ The planning we do in the Enhanced Plan is beyond what most law firms offer. It builds upon best practices learned from decades of experience. This plan will adapt over time as your family changes and has protections most attorneys don't think about. **This is the plan we put in place for our relatives. Ask us about it.** ”*

INTENDED FOR: Those whose situation may be more complex. Rest assured that we have seen it all. **\$5,000+**

A married person establishing a plan **separately** from a spouse or trying to **protect inherited money**

Updating or **combining 2 existing trusts** into a single plan for a couple

NON-TRUST ESTATE PLAN

This is an affordable option for those who need a plan to avoid probate and do not have young kids, disabled beneficiaries, or concerns about protecting their family's inheritance from lawsuits, divorce, creditors, or poor financial decisions.

WHAT IS INCLUDED?

This plan provides peace of mind knowing that we are here to help you navigate the system during your life and establishes a plan to assist your family after you are gone. **It includes the following documents:**

- Last Will and Testament
- Financial Powers of Attorney
- Health Care Directives
- Memorandum to direct items of property
- Beneficiary deed on your home
- Written funding instructions

COMPARED TO USING A TRUST...

- This is still a solid estate plan, but at a lower cost.
- Similar to a trust, we structure your plan to skip probate.
- This plan is only appropriate if your beneficiaries are all adults who are in stable marriages, financially responsible, and healthy.
- A trust is a better option if you desire protection for any of these:
 - A child predeceases you and a minor grandchild inherits
 - Inheritance protection from the divorces of your beneficiaries
 - Financial restrictions on those who inherit

ABOUT ST. LOUIS ESTATE PLANNING

OUR STORY

In 2015, he created St. Louis Estate Planning to be different. Our goal is to provide first-class service, clear and honest advice, and excellent estate plans at fair prices. We understand that everyone deserves to have an estate plan to protect their family.
