QUARTERLY UPDATE (JULY-SEPTEMBER) 2026

Dear Pastors and Praying Friends,

We are truly blessed to be able to print and send the Word of God across America, and around the world! Your continued prayers and financial support help to make all of this possible...and we can't thank you enough for partnering with us to send the Gospel to lost souls.

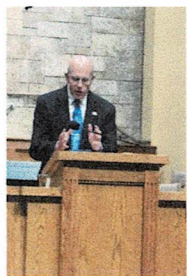

This past quarter started out by delivering Scripture supplies to some of our seedline ministries, and I was able to use our new electric pallet jack at every stop. In years past, I would dread having to make summertime deliveries, mostly because of the intense heat, and the labor it took to move the Scripture bundles. But this

year's delivery was so much easier using the new pallet jack! I was done in minutes instead of hours. Praise the Lord for this new equipment.

We also hosted two Filipino pastors for 10 days this

quarter. We met them earlier this year when Lisa and I visited Manila. They traveled to the USA this summer to raise funds for their ministries, and the Lord blessed them with a few meetings while in our area. Overall, they were able to raise much needed funds for windows, and an air conditioner for one of the churches. We had a great time of fellowship, and we also put them to work in the print shop assembling Scripture while in town.

We then started our fall travels to the east coast in mid-August, and our first stop was at one of our supporting churches in Sioux Falls. They are also one of our seedline ministries, and we had a wonderful visit to start off our fall travels. We were hoping to escape the heat and humidity of South

Dakota...but it seems to be following us. Just about every day since we've been on the road, the temperatures have reached 95F+. I'm currently writing this from a church parking lot in North Carolina where the heat index is 105F! But praise the Lord our RV air conditioners are working very well, and providing much needed relief.

We are so blessed by churches that have RV hookups on their property, and allow us to park for a couple days. So far on this trip, we've not had to spend any funds on RV parking, and every church we visited has been very accommodating.

On our way to the east coast, we also visited a supporting church and seedline ministry in Wisconsin. We spent two days helping staple and collate booklets for our current Croatia project. We're always blessed whenever we can visit one of these churches and co-labor together.

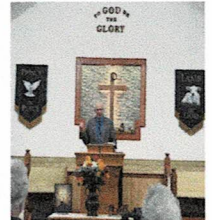

Another stop was at a church in Illinois. I normally visit this church when helping at their revival campground in the summer, but they graciously allowed us to park our RV on their property while we helped a church planter that weekend in Chicago.

We knocked doors, made visits, and presented our ministry to this church. We also learned that a visitor had been faithfully attending the church for a number of weeks...as a result of receiving one of our John/Romans booklets on her door...Praise the Lord!

We then traveled to Indiana where we visited two churches. The first church is where a doctor who was with us in the Philippines (for Medical Missions) attends. We enjoyed meeting the pastor, his family, and fellowshiping with church members. We also presented our ministry there and answered many

questions. The second church was one of our supporting churches. We helped knock doors while there, updated the church on our ministry, and had a great time with the pastor, his family, and the church overall.

We then moved on to Tennessee where we visited a church that had received our booklets a couple years ago. This was our first visit to the state to present our ministry, and we had a great visit with the pastor and the church. We attended their Monday night prayer meeting, and presented our ministry during their Wednesday night service. While in the area, we also had an opportunity to visit with a long-time friend from Alaska that we hadn't seen in 25 years! We had a wonderful time getting caught up with how the Lord's been blessing our families over the years.

We then moved on to North and South Carolina, and visited more of our supporting churches. One of the pastors had a one-on-one interview with me during the Sunday school hour, and members asked some really good questions about our ministry. We also visited with our son and daughter-in-law, and completed many Dad projects ☺.

Overall, it's been another busy quarter and we're thankful for the Lord's provision and protection along the way. Thanks again to ALL of the churches we visited! Your gifts for our paper fund will keep our press rolling, and your gifts for us will keep fuel in our tank as we travel.

Looking ahead to next quarter: We'll be on the road until November raising funds for paper (current need ~\$7K), and we'll work our way from the Carolinas down to FL, then back up through the Carolinas, and onto VA, PA and NY. We also plan to send the Croatia shipment in November, and begin printing 200K booklets for the Philippines. **PRESS-ON!**
