Missionaries to the state of Utah

August 2026

A busy summer has come to an end, but not without an incredible month of August. The month began with the last of the four groups that visited with us. They were only here for Saturday and Sunday before they headed over to Wyoming for a building project. Pastor Barr brought a tremendous message on Sunday and the fellowship was such a blessing. Their attendance also gave us our highest Sunday morning to date, with 51 in the worship service. It was exciting watching our little flock experience what it will be like when we grow to that point. We ended the month with 'Friends & Family Day' and had nine visitors. Amen!

The jail ministry continues to be a huge blessing. We saw nine men profess their faith in Christ in August. On a weekly basis, the ministry reaches between 65-75 men and women through the six services we hold. More of the men are reaching out once they leave our jail. Gideon and I had lunch with Elijah at the end of the month, just to talk and encourage him. I had a video call with Albert who is now in a different institution. He asked how our little flock was doing and if we were growing. I told him we were doing well and holding about the same in attendance. He said, 'Well you've got a big church inside these walls – guys whose lives you have touched.' Please keep these men and women in your prayers.

The chaplain ministry is also doing well. Gideon and I were able to go to 'range day' this month as the officers trained with their service weapons. God gave us some cooler days (only the low 90's) and I was thankful. It had been over 100 the week before. Pray for the relationships that God has allowed us to develop the past three years, that God will work in their hearts and lives through the weekly witness. The fire department addition has continued to develop as I learn more of the names and make connections with the paramedics and firefighters there. They look for my visits on Tuesday and the weekly check-in on how they are doing. Chief Willis presented me with my own 'Chaplain' badge on my last visit of August. I am #777.

The family is doing well. Angela is feeling a lot better. Thank you for your prayers. She had a rough couple of months physically. Abigail and Gideon are doing outstanding at their jobs and working hard in the ministry. Keep all of us in your prayers. And please, always remember our little flock. We need your prayers daily!
