

# Delta Amateur Radio Club

John Bruce, KL4O, President  
Roger Wilson, KL5CZ, Vice President  
Phillip Lee, KL5EX, Treasurer  
Tony Porreca, KL5RP, Secretary

## History:

Delta Amateur Radio Club, KL7DRC was organized in 2020. Our monthly meetings during COVID-19 were via conference call from March through May of 2020. Our in-person meetings were started in June of 2020.

DARC held its first FCC Technician Class training on May 30<sup>th</sup> and June 6<sup>th</sup>. The afternoon of the 6<sup>th</sup> we held our first FCC Licensing test, licensing 5 new Amateur Radio Operators. Today, we continue this service by providing two classes per year and offering in-person testing monthly if needed. Online testing is also available several times per week. Contact members for details.

## Mission:

The Delta Amateur Radio Club (DARC) is an organization of amateur radio operators whose purpose is to further the hobby of amateur radio, and to provide the community with communication expertise in times of need. Many DARC members are also CERT volunteers.

DARC is an American Radio Relay League (ARRL) affiliated club. We provide classes for Technician and General class amateur radio licenses.

How to become an FCC Technician Level Ham Operator:

Study Resources: Study online, on your schedule, at your pace.

ARRL.org: Exam prep resources. HamStudy.org: Tech/General/Extra study and sample tests.

AmateurRadio.com: Technician Class License Prep DXZone.com

HamRadioSchool.com : printed material

License Manuals available through ARRL or amazon.com
