## About MRGD

Merged Software Group, LLC (MRGD) is a privately held software company, based in Metro Atlanta, GA USA committed to delivering simple and affordable solutions to service-oriented entities and member associations. Our team is made up of experts in process efficiency, technology, data integrity, and sales and marketing – all with substantial industry experience and all having been part of multiple start-up environments.

## Executive Summary

MRGD delivers products committed to delivering simple, secure and affordable solutions that enable better client engagement, efficiency of workflow and long-term sales opportunities. We do this through a SaaS platform focused on eSignature / Document Solutions, Workflow (Best Practices Enforcement) and a Services Marketplace. Our products are available for the SMB, Enterprise, Government, Healthcare and Member Associations (REALTOR, Legal, Insurance and More).

## Our Current Products

### eSignature

[mergedsoftware.com/myesign](https://mergedsoftware.com/myesign)

**myeSign™** from MRGD is the future of collaborative and secure document and contract management solutions. The world of eSignature exploded during COVID and MERGED decided it was necessary to offer an alternative to the traditional options in the marketplace. By incorporating features that add collaborative workflow (saving time) and advanced security (risk mitigation), affordability and ease of use – whether you are a consumer, small business or enterprise, **MyeSign™** has the right solution for you. (**Autograph API™**)

### Workflow

[mergedsoftware.com/taskcycle](https://mergedsoftware.com/taskcycle)

**Taskcycle™** from MRGD offers an initial suite of features – eSignature, People and Tasks, Payments and more, with dashboards for individuals, companies (and multi-office), authority groups (licensing board), associations and enterprise. The idea behind **Taskcycle™** is to offer an industry agnostic, universal platform that enables efficient client engagement, with the opportunity for best practices enforcement, automated task management and sharing, notifications and services scheduling and payments\*. *HVAC company with 10 vans, real estate office with 100 agents, hospital with 20 departments, law firm with 3-300 attorneys* – we offer the platform to drive business more efficiently and securely, while keeping customer service at the forefront.

*\*Roadmap – Homeycle™ will be the primary environment for payments, in conjunction with Taskcycle™ PRO which delivers the Marketplace overlay and includes a more robust business and consumer dashboard to include Deals, Calendar, Cloud and more.*
