

A Sky View Farm Adventure series

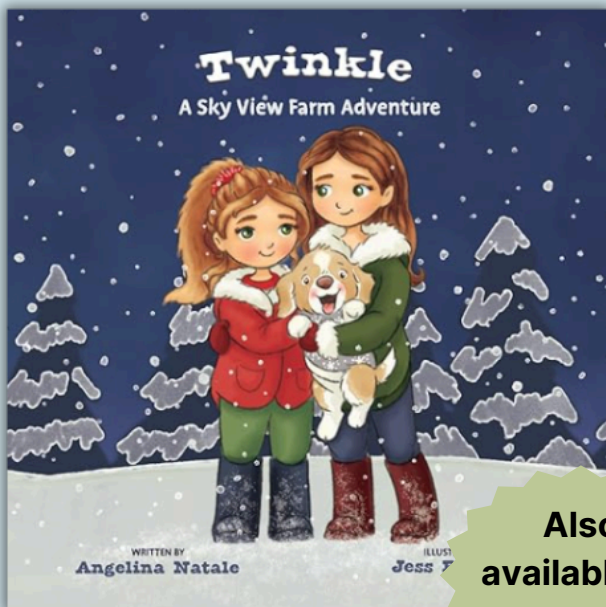

Written by Angelina Natale and
Illustrated by Jess Bircham

The heartwarming Sky View Farm Adventure series features young Maggie and her ponies Dutch, Tory, and Expo at their favorite place: Sky View Farm, of course!

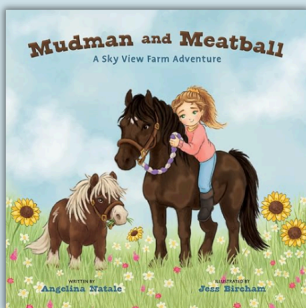

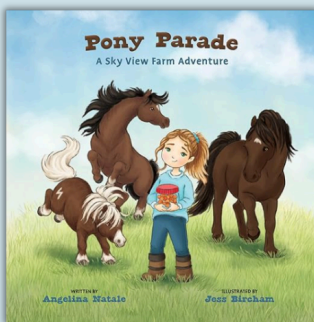

Each book shares important life skills such as helping others, respect for animals, and problem-solving. Join Maggie for some pony fun!

In the collection's newest release, *Twinkle*, winter festivities are coming up and Maggie's mom challenges her to pick just one word that best describes the holiday season. Together they play a new word game that lets them weave together all their favorite holiday things into a fun winter adventure.

Angelina Natale lives on Sky View Farm, the inspiration for her children's stories, on top of a small mountain in New Hampshire where she keeps horses and other animals. Her stories are based upon adventures with her daughters.
