

The Zena Cone

Data Sheet

Application

The Zena Cone mounts on wooden, steel or composite poles in minutes, using stainless steel straps or bolts. Molded from proprietary high-density long-life black polyethylene, the cone delivers economical and effective protection from birds and the weather.

Description

The Zena Cone prevents birds from perching on top of round tubular and solid poles.

Benefits

- > Transmission & Distribution operators reduce outages from flashovers and electrocutions,
- > Telecommunication operators reduce bird-related maintenance on communication towers,
- > Airport operators reduce strike risk and improve lighting and navigation equipment reliability.

Features

Designed specifically for raptors and larger birds, the Zena Cone:

- > Discourages perching and nesting,
- > Is bird safe and environmentally friendly,
- > Installs quickly, reducing downtime,
- > Has excellent self-washing characteristics,
- > Protects poles of different diameters.
