THE CHALLENGES

PAGE 02

Most schools and colleges still rely on traditional systems that are **time consuming, error prone** and hard to manage.

MANUAL ATTENDANCE

Time consuming process, proxy attendance and inaccurate records.

LONG FEE PAYMENT QUEUES

Manual fee collection causes long queues, errors and lack of transparency.

LOST ID CARDS

Physical ID cards can be lost, damaged or duplicated easily.

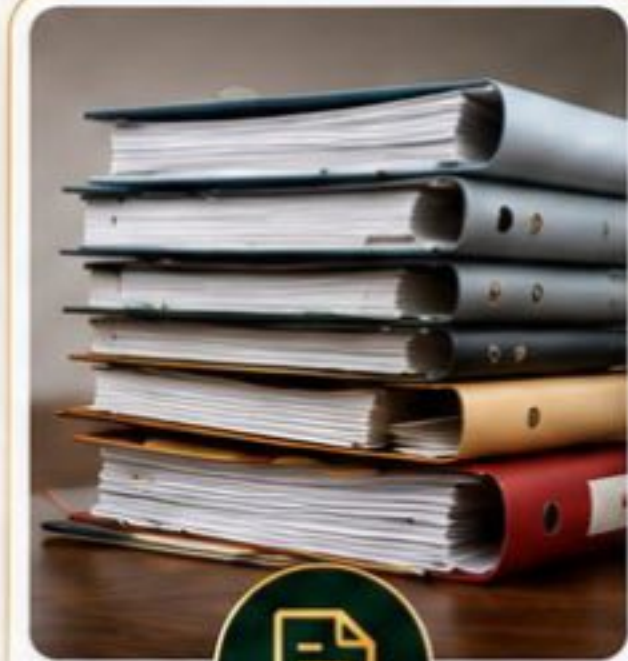

LIBRARY MANAGEMENT

Manual issue/return process, late fees and inventory tracking are difficult.

UNAUTHORIZED ENTRY

Lack of proper verification leads to security risks on campus.

PAPER BASED RECORDS

Hard to store, difficult to retrieve and not environment friendly.

It's time to move from **TRADITIONAL** to **SMART & DIGITAL**.
