“For every Royalty check, or stream, download sell I receive, I invest my Music earnings in to Cryptocurrencies, my first investment was with Dogecoin, then ShibaINU, CelerNetwork, Harmony One, CRO, just to name a few. I found by investing my Music Earnings, I was able to generate more money by investing in cryptocurrencies. THIS ALLOWS ME TO CREATE BUDGETS FOR PROJECTS LIKE, MUSIC & VIDEO DISTRIBUTION. ELE&GIGS IS A MUSIC INDUSTRY MANAGEMENT SYSTEM, THAT LINKS THE ARTIST/ ENTERTAINER TO MAJOR PLATFORMS, FOR INDUSTRY STANDARD RELEASES IN PRE- ORDER MUSIC DISTRIBUTION, RADIO, NETWORK, & VIDEO DISTRIBUTION, THAT’S MARKETED DIRECTLY TO THE CUSTOMER.
