

Winch-out waiver

I acknowledge that my vehicle requires a winch-out and understand that winching a stuck, damaged, or immobilized vehicle carries a significant risk of additional damage, including but not limited to body, frame, suspension, drivetrain, undercarriage, cosmetic, or mechanical damage. I agree that Shark Towing has made no promises or guarantees regarding the condition of my vehicle after recovery and that the winch-out will not be performed unless I sign this waiver. By signing, I voluntarily assume all risks, accept full responsibility for any resulting damage, and expressly waive and release any and all rights to file, pursue, or assert claims of any kind against Shark Towing, its owner, employees, or contractors. This includes, but is not limited to, filing an insurance claim naming Shark Towing as a responsible party, initiating a lawsuit, demanding compensation, or pursuing any legal or civil action related to the winch-out, regardless of the nature or extent of the damage and including situations involving ordinary negligence. I understand and agree that no claims, disputes, or legal actions of any kind may be made against Shark Towing under any circumstances related to this service. I certify that I fully understand and agree to these terms and authorize Shark Towing to proceed with the winch-out.
