

NXT GEN LAYOUT BOAT OWNERS MANUAL

Thank you for choosing The NXT GEN UFO layout boats. Now it's time to start your new journey in layout hunting in the safest layout boat on the market. At Waterfowl Works our commitment to you is to provide you with the safest and most durable layout boat available at an affordable price. Layout Hunting is a fun and exciting way to experience waterfowl hunting and safety is very important.

We hope you make the most out of the opportunities available both close to home and afar. With the proper care, your NXT GEN UFO layout boat will provide years of satisfaction. Welcome to the team.

[This manual covers both 1 and 2 man NXT GEN UFO layout boats.](#)

Welcome to the Team

Your new NXT GEN UFO is made of polyethylene, which is virtually maintenance free. A minimal amount of care in storage and transporting will help maintain a like-new condition for many years. Polyethylene will become more flexible when in warm conditions such as a hot, sunny day. Do not store in Extreme heat or leave in the sun for any extended period of time.

Transporting

When transporting your NXT GEN UFO it should always be supported on the bottom or the edge of the boat. Never haul it with out support. We recommend 2 2x4s that fit along the side of the box and rest on the bottom of the apron of the layout boat and strapped firmly in place for all transporting where it may be subject to extreme jarring or bouncing from rough roads or rough water conditions.

Storage

Storing your NXT GEN UFO is best done standing on its side or sitting on the bottom, Do not store in areas where it can be exposed to extreme heat such as attics or barn rafters and do NOT shrink wrap your NXT GEN UFO and leave it out in the sun. Its very possible to warp your NXT GEN UFO if stored in extreme heat or outside for any extended lengths of time.

Safety

Any person using Waterfowl Works NXT GEN UFO layout boats are personally responsible for determining that their abilities are equal or superior to the conditions encountered and exercising proper judgment in choice of where and when to use the BXT GEN UFO. **WARNING:** Layout Hunting can be hazardous with potential risk of serious injury and even death.

Weight Capacity

Each Model NXT GEN UFO comes with a Capacity label. Please make a note of these numbers and capacity ratings and never exceed them.

TERMS AND CONDITIONS

For the original retail purchaser (“Consumer”), Waterfowl Works LLC are warranted against material or manufacturing defects in the hull and deck for One (1) years from date of original purchase. This limited warranty is not valid for commercial use. All Commercial use warranty concerns will be evaluated on a case by case basis.
