SPONSORSHIP PROPOSAL

WHAT WE DO

The Manitoba Karting Association (MKA) is based in Gimli and runs 10 races per year from May to September. The MKA offers senior and Junior classes and welcomes spectators on test and race days.

Events run every other weekend with Saturday designated for testing (practice) and Sunday being race day, rain or shine.

On test days, drivers tune the kart and make sure every part is safe and extracting all the power possible before entering Sunday's race.

The track is 800 meters long and has many challenging turns, with a straight section where our karts can reach speeds of 100 km/h.
