## It's John Demonet All The Way

Heavy fog on both days of the tournament had a detrimental effect on the outcome of the 2021 Orange County Bass Club's TOC, but there is almost always someone that shines through the fog and this year it was John Demonet. John was the only contender that had a limit on both days of the tournament. John's winning ways were fishing the levee walls with a Senko and a bladed jig to catch 10 bass for an impressive 23.85 pounds. John led the way on day one with 12.83 pounds and 11.02 pounds on day two including the BIG FISH of the TOC tipping the scale to 3.14 pounds.

Chris Grogan was in third place on day one

with a limit weighing 8.28 pounds and added another three bass on day two for 4.23 pounds, for a two day total of 12.51 pounds, and a 2nd Place finish for the TOC.

Will Hogue was in second place on day one with a limit weighing 9.02 pounds. Will had a good day catching 13 bass on an A rig and a spinnerbait. Unfortunately, Will could only fish one day of the tournament, but it was good enough to notch a 3rd Place spot for him.

Matt Greene made a move from 6th place on day one to 4th place on day two. Matt was flipping the tullees and throwing a buzzbait to catch one bass on day one,

weighing 2.04 pounds, to 2 bass on day two for 3.11 pounds, giving him a total for the tournament of 5.15 pounds and a 4th Place ending for 2020.

Mister Weighmaster Chris Rhoden nailed down 5th Place for his efforts in the 2020 TOC. Chris caught all of his bass on an LV 500 ripbait, catching three bass on day one weighing 3.43 pounds and one bass on day two of 1.27 pounds for a total weight of 4.7 pounds.

Congratulations to John Demonet and all the TOC qualifiers for the 2020 season of the Orange County Bass Club.
