An Update on the Drainage Issues

We are working hard to address the storm drain issues that are in need of some major maintenance. Many outlet pipes and ponds are clogged and overgrown with vegetation that will need to be dug out and re-graded.

As of now we have had the neighborhood storm systems pipe elevations and outlet ponds surveyed. Based on those surveys, the engineer produced certified engineered stamped drawings for subcontractors to provide quotes on. The work will be done in six phases determined by the civil engineer.

Bid packages and scopes of work have been assembled and solicited to six subcontractors to bid on the maintenance work.

We are currently waiting for their responses, and so far, two have expressed interest in submitting quotes. This process is very time-consuming, but we are doing our best to resolve the issues. We will inform the neighborhood when we get to the next phase of the process.

~~~~~  
Oakland County has been contacted and have patched our streets.

~~~~~  
School is out for the Summer, and we can expect increased activity in the neighborhood. Complaints about speeding have been received, so please drive slowly and safely. Additionally, when walking, always use sidewalks where possible.

Lawn Care

We've hired On the Go Mowing to maintain the lawns in the common areas, and we've been receiving positive reviews. They also offer very competitive rates for personal lawn care.

If you're interested, contact Dale at (248) 254-2628.

Sidewalks

This past October at our annual board meeting it was brought to our attention that the sidewalks have numerous areas that need attention for safety reasons. Repairs are scheduled to begin Monday July 23 and be completed the next day. Notifications will be put in the mailboxes of residents who have work being done in front of their home.

Please be mindful and pick up after your pets

Complaints have been received, so please be courteous to your neighbors!
