# Our mission...

Children deprived from parental care are just like all other kids – joyful, positive and wonderful. They need individual attention and support to help them become responsible adults and productive members of our society. We strongly believe in the old saying: “Give a man a fish and you feed him for a day. Teach a man to fish and you feed him for a lifetime”

# Our activities ☺

## Talent development

Dance lessons, painting, music – our children are very talented, and we help them further develop their talents.

## After-School Activities

Be it math, literature or foreign languages, we provide extra lessons to help the children who struggle in school or simply want to learn more.

## Professional qualification

Cooking class, computer literacy, driving courses, professional qualification courses like cosmetology for example, social skills classes – we help our children to find their professional path.

## Specialist Consultations

We also tend to the more specific needs by arranging consultations with various specialists – speech therapists, children psychologists ect.

## Experiences

People connect and communicate based on experiences. It's the very foundation of emotional intelligence and emotional resilience we all need in order to be successful in today's world. Lack of certain experiences would make one an outsider. To help our kids avoid being outsiders we help them have the same experiences as other kids – trips to the sea side and the mountains, birthday parties, sport events.

# Our Work in Pictures

25 children passed a course in self development  
10 children are currently working with a speech therapist  
5 children graduated high school with excellent grades

Professional  
qualification courses

**All children are given the opportunity to develop their skills and to take part in building their own future**

3 groups of children are developing their social skills  
3 girls completed a culinary training program  
2 girls completed a course in cosmetology

Arts and Crafts

Our Foundation is relying entirely on donations from our corporate and individual supporters.

Regular donations are very important to us regardless of the amount, because it allows us to better plan our reoccurring activities.

We also rely on our dedicated volunteers, both for our mentor program and for support with the logistics of our events and reoccurring activities.

# Over 130 Successful projects

Every year we take part in both publicly and privately funded projects.

We work with the younger children in groups depending on their needs and take a more individual approach for the older ones to help prepare them for what's expecting them in the real world.

We have our own space in which we organize all activities. We call it our little "Club" and people just come and do not want to leave 😊 We invite you all to come and experience it for yourselves.

## Be a **Volunteer**

Be a role model and a friend to a child in need by participating in our mentoring program or help with the logistics of our activities.

## Be an **Inspirator**

Do you have any special skills you would like to teach the children? Then let us know so we can organize a course led by you 😊

## Be a **Regular Sponsor**

In order to be able to plan our reoccurring activities we rely mostly on regular donations. We appreciate every support, regardless of the amount 😊.

## Be a **Targeted Sponsor**

We appreciate also targeted donations for a specific event, for example summer or winter camp, professional qualification course or a field trip. If you have any ideas – we'd love to hear them 😊.

Together we can achieve more!
