	<b>50% AMI</b>
1 person	\$43,400 year / \$3,617 month
2 people	\$49,600 year / \$4,133 month
3 people	\$55,800 year / \$4,650 month

★ **First month’s rent payment is the full fair market rate quoted.** Several local agencies and some churches will provide money to help you cover this cost. Contact Story County General Assistance for a list of security deposit and first month rent providers. Home Allies must receive the payment from any agency or organization prior to move-in unless delayed payment is approved by Home Allies in writing. Any pledge not fulfilled within three weeks will be considered the tenants responsibility as past due and handled the same as late monthly rent payments.

★ **Monthly rent subsidies.** Home Allies has a limited amount of grant money and donations from individuals to subsidize tenants’ monthly rent. The grant from Story County ARPA funds, which has allowed households to only pay rent equal to a maximum of 30% of their total household income, is now ending. Effective March 1, 2026, new tenants will pay a minimum amount of \$445/month plus 15% of their household income in excess of \$1000/month, with a maximum payment of the market rate. Any amount not paid by the tenant is paid by subsidy money Home Allies continues to have. For example, a household with income of \$1200/month would pay \$445 + \$30 = \$475/month, and the subsidy would pay the remainder of the market rate rent.

★ **Security deposit** is \$700 (which MUST be paid by tenants, service agency, or private third party) due at lease signing, plus another \$700 which may be payable for qualified applicants from the limited Home Allies/SCHT revolving security deposit fund. Applicants for Home Allies’ security deposit assistance must complete a two-page supplemental application.
