#### **KEY TO DIAGRAMS**

It should be noted that the colours indicated in the table are often combined in pairs e.g. 14GY-C. The number '14' represents the cable size, the cable comprising of 14 strands of wire, each strand being 0.010 in. diameter. The 'GY' indicates that the cable is two colour, Green and Yellow and the 'C' indicates that the cable is cotton covered.
