About us

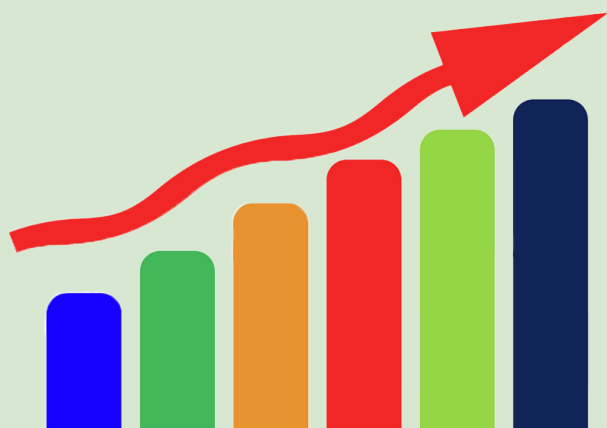

IMPACTFUL GOVERNANCE
Community Interest Company

We are Impactful
Governance.

We help people and
companies in the UK.

This report is called
Impact Report.
It shows our progress
in the last year.

Main work 1

This is our team.
We are all different.
We all like working
together.

We all got an award.
We welcome everyone
with disabilities.
We will make it easy
for you to go to work.

It is difficult
for people with
disabilities to work.
We met with the
government to help
them change.

Main work 2

This is a project called STEM City.

We work with companies to find jobs for people. We helped many people find jobs last year.

We want to help the planet. We visit offices. We tell them how to save the planet.

KICKSTART[®]
SCHEME

This is a project called Kickstart. We trained young people and helped them get jobs.

Main work 3

This is Ben.
He worked for us.

We got an electric
bike. He told people
about our work.

He liked his job
because he talked to
people more.

We believe everyone
should be included.

We want everyone to
feel safe.

We asked you and
made things better.

Main work 4

Our mentors help
people.
They find ways to
understand you.

We worked with
councils, colleges,
churches, community
centres and charities
like Barnet Mencap.

We earned more
money to help you.
We can have more
projects now.
