

TOUCHLESS HANDWASHING & DRYING SOLUTIONS

Trust Bradley for touchless, safe and hygienic solutions
for the commercial restroom. Clean hands are in our DNA.

Celebrating the way the world washes.

80% of Americans believe it is very/somewhat important to have touchless fixtures in public restrooms

Touch-free Handwashing Solutions

INTENSE SPOTLIGHT ON HAND HYGIENE

Health officials are unequivocal about the importance of hand hygiene to reduce the spread of disease-causing microorganisms like COVID-19. Americans have heard this message loud and clear and are washing their hands more than ever right now. Nearly 80% say they wash their hands more frequently or more thoroughly in response to the coronavirus.

Including touch-free handwashing products in your commercial washroom design is important to users. Making everything touchless in the restroom is the top improvement Americans want, aside from keeping restrooms cleaner and better stocked.

ATTRACTIVE HANDS-FREE HANDWASHING OPTIONS

Bradley's award-winning all-in-one WashBar® with completely touch-free soap, water and dryer activation is a sleek and elegant handwashing solution. The WashBar works together with the Verge® basin to keep water contained and not on the floor.

New Verge™ matching soap and faucet pairs create harmony in the washroom with coordinated touch-free styling. With an impressive line-up of four touch-free styles and six finishes for an industry-leading twenty-four options to choose from, they work beautifully with all Verge handwashing systems or with any basin you choose.

TOP | Verge basin with WashBar in Brushed Bronze
 BOTTOM | OmniDeck with Next Generation WashBar in Brushed Brass

All-In-One WashBar®

All the fundamentals of handwashing have been designed into our cutting-edge WashBar, providing a completely touchless experience. Thoughtfully designed to streamline the handwashing process, the WashBar houses soap, water and dryer in one intuitive and attractive unit.

Convenient handwashing. End soap and paper towel waste. Eliminate water splashing on users or dripping across the floor. Performance transformed. WashBar available with Verge® basin in Evero® natural quartz or OmniDeck™ in Terreon® solid surface.

Available as WashBar Duo with only soap and water.

CLEAN

- **Touch-free activation**
- Low level LED indicator

AVAILABLE IN SIX POPULAR FINISHES

Almost 60% of Americans are now washing their hands 6+ times a day

TOP | Verge with Linea Soap and Faucet pair in Brushed Bronze
 BOTTOM | Zen Soap and Faucet pair in Brushed Brass on OmniDeck with socially spaced basins

Touch-free Verge™ Matching Soap & Faucets

Create washroom harmony with the new line of Verge coordinating soap dispenser and faucet sets. Never again sacrifice style with mismatched soap and faucets. Designed to complement the sophisticated Verge handwashing basins, the new soap and faucet pairs work beautifully with any basin to provide the finishing touch-free touch to your commercial restroom designs.

Advanced sensor technology eliminates false activations and optimizes power consumption, longer spouts create increased handwashing space and brass cast spout construction delivers durability with stylish and environmentally friendly PVD finishes.

TOUCH-FREE VERGE SOAP DISPENSERS

- Industry leading breadth of top-fill options with high capacity tanks that require fewer refills
- Feature a smart sense system with LED light indicators that let maintenance staff know when soap and battery levels are low
- Audible and visual alerts aid the refill process to prevent overfilling and spillage
- Additional vent tube in the shank prevents air blockage allowing for easier refill
- Utilize universal bulk soap in foam and liquid options
- Hidden sensors, nozzles and anti-rotation gasket prevent vandalism
- Sensing optimized to eliminate false activations and maximize battery life

TOUCH-FREE VERGE FAUCETS

- Feature patented dual sensor technology to provide the most accurate activation while optimizing battery life
- Touch-free 0.35 gpm (1.3 L-Min) or 0.5 gpm (1.9 L-Min) options for water savings and multiple run times can be selected to fit your application
- Auto flush feature flushes out the water line every 24-hours: manual valve override feature for longer flushing requirements useful in applications such as healthcare
- Solid brass construction delivers years of durable and reliable service
- Hidden sensors, nozzles and aerators prevent vandalism while enhancing the sleek modern styling
- Longer spouts give hands more space for a better handwashing experience
- AC power with optional battery back up
