BENDHEIM

BENDHEIM

The Resource for Specialty Glass

Est. 1927

Founded in 1927 in New York City, Bendheim is one of the world's foremost sources of specialty architectural glass. For four generations and over 90 years, world-renowned architects, interior designers, fashion houses, and global brands have turned to Bendheim to create breathtaking, timeless expressions of beauty in glass.

Bendheim glass can be found in landmark buildings throughout the world: from The White House in Washington, DC, to the Hamad International Airport in Doha, Qatar. It is a mark of distinction, known for impeccable quality and refined design.

BACK-PAINTED GLASS

Best-in-industry, baked-on coatings in a virtually unlimited range of spectrometer-calibrated colors. Eco-friendly, VOC-free, and UV-stable.

LAMINATED | ACOUSTIC GLASS

Endless combinations of textures, colors, and interlayers. Enhanced aesthetic options that provide improved safety and acoustic privacy.

LUMINOUS MIRRORED GLASS

Vast selection of in-stock colors & finishes, including anti-glare Titanium® etched mirrors, as well as antique mirrors in a range of aesthetics.

DIGITALLY PRINTED | FRITTED GLASS

Unleash your creativity with Bendheim's state-of-the-art digitally & screen printed glass: from smooth Fades® to fully custom graphics.

MATTE | ETCHED SATINTECH® GLASS

Light-diffusing, anti-glare glass – “full,” “lite” and patterned / carved varieties. Far more durable than particle-blasted / sand-blasted glass.

TEXTURED | PRIVACY GLASS

The perfect balance of privacy and daylight. The largest selection of in-stock designs, including brilliant low-iron glass.

TURN-KEY WALL CLADDING SYSTEM

Patented quick-assembly systems – ideal for budget-friendly, speedy interior transformations.

ARTISANAL MOUTH-BLOWN GLASS

The ultimate expression of luxury and refinement. Handcrafted following centuries-old tradition in over 500 in-stock colors and designs.

GLASS MARKER BOARDS

The industry's strongest magnetic glass marker boards. Anti-glare & projectable options available. No ghosting or permanent staining.

CHANNEL GLASS WALL SYSTEMS

Light-diffusing curvilinear walls of channel glass reach heights up to 23 ft. Daylight-friendly and seamless. Superb acoustic and visual privacy.
