Panel Specifications

Most of these panels are made with Low-Density Polyethylene (LDPE) mesh backing that can easily be mounted with zip ties, staples, etc. They are designed to clip to other panels and are easily cut to fit into the desired space. They can also be cut to imitate a natural edge.

A couple of options come with a metal grid substrate for projects for more substantial project requirements.

- UV Protection Level: High Grade Commercial UV Protection
- Coverage: 11SQFT Per Panel / 38 Inch x 38 Inch
- Life Expectancy 5+ Years Outdoors, 15+ Years Indoor

How To Order

Our sales team looks forward to starting your order.

Have particular design needs or a large order?

No problem, our design team will work with you step by step to achieve the look you are dreaming of. Send us your information and our team will be in touch promptly.

Please allow a **4 to 6 week** lead time from the time order is placed to when order is shipped out.

Orders are typically shipped via UPS Ground or LTL.

www.GreenOasis.com/contact/

Green Oasis is a family-owned and operated business based in Texas who started out from very humble beginnings and have grown our business to serve clients across the United States.

We talk to Interior Designers, Architects, Business Owners and Industry Professionals every day that want to bring in eye catching, show-stopping natural solutions but are lacking the tools.

Not only do we have the products you need, but a full team of Project Specialists, Designers, Horticulture Experts and Engineers all in one place.

Put our years of experience to work on your next project and achieve quality and beautiful results.
