ENVIRONMENTALLY FRIENDLY, RESILIENT FLOORING FOR COMMERCIAL SPACES

corkcore lvt | ash

Expanko is a brand of Stonhard offering an extensive range of environmentally friendly, resilient flooring products that offer outstanding acoustical solutions for commercial spaces. Six products provide endless options.

Heirloom, 1/2 thick, high performance, all-natural cork flooring.

Prestige, classic, sustainable cork flooring.

Cork Core LVT, waterproof luxury vinyl flooring with all the benefits of natural cork.

XCR4, rubber flooring with recycled cork granules for a natural look

Reztec, resilient, multi-faceted flooring crafted from pre-consumer and post-consumer recycled rubber.

Sereniti, functional, decorative rubber flooring offered in a wide spectrum of colors, designs and profiles.

At Expanko, we are dedicated to providing innovative, environmentally friendly products that are durable, comfortable and easy to maintain.
