directed by DANIEL LAND produced by JOHN MONTGOMERY music by AUDRA KUBAT

AVAILABLE JULY 29

PRE-ORDER NOW ON 

## FOR IMMEDIATE RELEASE

6/25/25

DETROIT, MI

We are thrilled to announce the North American release of **AMERICA YOU KILL ME**, the untold story of the rise, the fall, and the impact of LGBTQ rights warrior Jeffrey Montgomery.

In 1985, a young man was killed outside of a bar in Detroit... His boyfriend - Jeffrey Montgomery - was horrified to learn police weren't going to seriously investigate the murder. To the cops, it was 'just another gay killing', and not worth the resources. In 1990, Montgomery would co-found the Triangle Foundation to fight back against anti-gay violence, supporting countless victims across the state for almost two decades. Undeterred by threats, sabotage, or being placed on the hit-list of the Aryan Nation, he would publicly confront politicians, law enforcement, and local/national media - challenging the movement itself to become more racially and sexually inclusive. By 2003, far from the coasts, the Triangle Foundation had become the 4th largest statewide LGBTQ organization in the country.

### Right Message, Right Time

The hard-earned rights of this community are in jeopardy.

In some respects, the movie is even more relevant now than when Jeffrey fought for equality due to the shameless attacks of right-wing policies that threaten rights of queer people nationwide.

According to John Montgomery, Producer and Jeffrey's brother "We hope that viewers use film as a renewed call to activism within the movement. Jeffrey was brilliant at documenting strategies to effectively counter arguments and positions that are inherently bigoted and homophobic while effectively combating the anti-gay rhetoric coming from extremists on the right".

**AMERICA YOU KILL ME** launches July 29th, 2025, on a variety of cable and streaming TVOD platforms like Amazon Prime Video, YouTube, Apple TV and more.
