***AASW Accredited Social Workers providing
violence prevention training and support to
front line workers.***

*"It is our mission that as a community we
transfer responsibility from women to men who
perpetrate domestic and family violence. Men
and the community must actively address and
take ownership of eliminating domestic and
family violence"*

TRAINING & SKILL BASED SERVICE PACKAGES

Chance Conversations

Aims:

- Develop skills for frontline workers to be able to have empowered conversations with men, when discussing accountability and responsibility for the use of domestic and family violence behaviours.
- Exploring the experiences of men who use violence through a values-based framework and examining themes of shame, jealous, blame and humiliation.
- Building the capacity of front-liner workers to utilise a values base framework when exploring the impacts of domestic and family violence with victim/survivors.
- Enhancing the knowledge of factors leading to violence and abuse while maintaining sensitivity to the victim's experience. Learning practical strategies to encourage those who commit violence to take responsibility and be accountable for their actions.

Who is this training for?

- Frontline workers in the welfare and specialist related fields and other related touch-points who engage men, and survivors of domestic and family violence.

Duration

- 6.5 Hours (including lunch break)

Violence Prevention and Domestic and Family Violence Information Sessions

Aims:

- Recognising the signs of domestic and family violence
- Recognising the signs of people that are at risk or are using violence towards their partner, and or family
- Understanding the complexities of Domestic and family violence and those who have used violence in relationships.

Who are these information sessions for:

- Health Services; General Practitioners, Medical Centres, Orthodontist, Dentists, Women Health Centres, gynaecologist and fertility services.
- Services that are wanting further information, understanding and awareness of domestic and family violence and working with men in violence prevention.

Duration:

- 2 hour information session

Support and Supervision Services

At Reframing Spaces our ethos focuses on reflective practice, aiming to ensure that frontline workers receive professional supervision, guidance and support. We specialise in the following areas:

- Domestic and Family Violence
- Criminal Justice System
- Engaging men in violence prevention
- Families and out-of-home care
- Leadership and Management
- Team culture
- Complex case reviews

Duration:

- One-on-One personalised supervision based on your identified needs
- Group case conference; debrief complex cases with guided supervision
