

Fan Coil Actuator

Fan Coil Actuator

PC FC04.6.1

- For 2/4 channels fan coil system use
- Heating and cooling temperature settings
- 3 levels settings for High / Medium/ Low, manual and automatic operation, wind speed interlocking function
- Wind speed and valve status feedback

Bus Voltage :	21 – 30V DC
Bus Current :	≤12mA
Bus Power :	≤ 360mW
Size :	144mm x 90mm x 64mm
