

Dear Greg Storer:

Congratulations! Your 2-D Art and Design course is now authorized to use the AP designation for the 2022 - 2023 academic year at Ohio Home School.

What Does Course Authorization Mean?

It is the official recognition by the College Board that your course meets the expectations colleges and universities have for AP 2-D Art and Design. This authorization grants you permission to use the "AP" designation on your students' transcripts in association with the authorized course. This authorization to use the AP designation is specific to the course identified in this notification and does not constitute an endorsement, accreditation, or certification of the course provider.

Thank you for your continued participation in the AP Course Audit.

Sincerely,

Trevor Packer
Senior Vice President
Advanced Placement Program
