

## Extra-Curricular Activities

Bunyonyi Safaris Institute is committed to developing students' talents through continuous engagement in extra-curricular activities such as sports (football, netball and volleyball).

Other activities are aimed at promoting entrepreneurship such that the student is empowered to produce something they can sell in the hospitality sector.

## Mode of Training

Our mode of training is based entirely on a hands on approach which enables students to attain the required skills in the hotel and tourism industry.

## Why Join Us

Bunyonyi Safaris Institute aims at providing entrepreneurial and hands on training using its resort facilities and tour and travel company.

We assist with job placements and help students acquire skills to produce products for the hospitality sector.
