Background

BS was incorporated on 10th October 1996 in Uganda. It has therefore been in business for more than 25 years. BSI is certified by Directorate of Industrial Training (DIT). The certification for UBTEB is in process as of April 2022.

Our Goal

Our aim is to provide quality and affordable vocational education in hospitality skills. We skill and retrain employees for hotels, tour companies, restaurants, cafes, bars, beauty salons, health clubs and other related businesses. We also empower our students with entrepreneurial skills to build their own businesses or offer freelance services for cleaning, landscaping, gardening, driving, tour guiding, cooking, massage, event planning, digital marketing, photography and many other skills relevant to the hotel business.

Our Strategy

We use digital tools, apprenticeship and traditional training methods. Our courses are packaged in a modular fashion whereby modules are certified monthly. This gives students a chance to acquire employable skills cheaply. It also gives workers the chance to upgrade on their skills with each module as and when they have the finances and the time. The modules are part of the DIT and UBTEB curricula for certificates or diplomas. A worker who acquires enough of these modular certificates can eventually acquire a higher diploma without necessarily taking time off their jobs.

DIT Course Fees

Tuition costs - 150,000 UGX per month or 6,000 per lesson. This is for teaching, internet costs for online classes, training materials, costs for on job assessment by trainer and BSI Certification of attendance. Tuition fees exclude DIT charges for certificates and registration. Modular course assessment and certification by BSI will be monthly.
