

ITEM: IFR FLAMEGUARD COVERALL

ARTICLE: GDI32

DESIGN: CLASSIC

AREA OF USE:

PRODUCT FEATURES :

- Modacrylic based IFR fabric with 180 GSM weight for maximizing user safety and comfort.
- Cellulosic Fibers in the blend ensures moisture management and breathability.
- Non exposed snap parts for complete user safety.
- 8 Pocket design for more convenience and storage.
- No direct skin contact with metallic fasteners

PRODUCT DESCRIPTION :

The fabric uses Modacrylic as its core fiber which gives the fabric it's Inherent FR properties and modacrylic being a very soft, warm and comfortable fiber is often used across the luxurious fashion industry as well. Modacrylic is hypoallergenic in nature meaning unlikely to cause any allergic reactions. When blended with cotton, it gives the user a very smooth & comfortable hand feel. The para aramid helps in maintaining the strength of the fabric even at such lower fabric weight. Also, para aramid fibers shows the best flame retardancy properties till date. The antistatic fiber is also intimately blended to ensure the risk of electrostatic charge build up is negligible.
