## **New Extension**

We are currently in the construction phase of our new extension. There will be a new pathology room, consulting rooms and offices, along with new flooring and a bright new look to the waiting room. This extension will accommodate 2 new GPs arriving 2026. Completion of this extension will be by January 2026.

## Recent and upcoming changes

### **Care Planning**

1st July saw the change of Medicare care planning. Now known as a Chronic Condition Management Plan, these now only need to be done once with reviews each 3 months. Please speak to your GP or our nurse for more information.

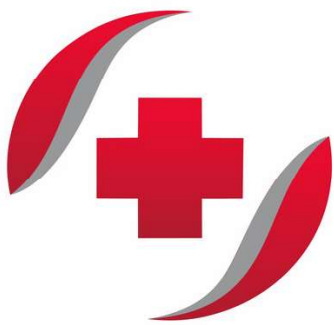

### **New Fees**

Script repeat requests. As of 1<sup>st</sup> October 2025, a private fee of \$25 will apply for all over the phone, or non-appointment script requests.

Mental Health Care plans will no longer be bulk billed and will attract a fee that will attract a Medicare rebate. Please speak to our reception staff or your GP for more information

Requests for support letters and applications such as NDIS, Pension applications, Housing trust etc will attract a private fee of a minimum of \$400. Your GP will be happy to provide a quote prior to completion.

Please visit our facebook page to support some of our team participating in The Bloody Long Walk on October 26th. All monies raised goes toward supporting people with Mitochondrial Disease

## GP Update

### **Dr Leo Whitehead**

We are excited to announce that Dr Leo Whitehead has successfully been granted Fellowship of the Royal Australian College of General Practitioners.

### **Dr Eddie Inyang and Dr Cephy Camoens**

As part of Dr Inyang and Dr Camoens ongoing training, they are currently enrolled in the RACGP's Fellowship Program. Unfortunately, a major part of this program requires them to work in a rural practice which now sees them with reduced consulting days at O'Halloran Medical Centre. This is only temporary and we hope to see their consulting hours back to fulltime at the end of 2026.

### **Feedback**

We welcome your feedback at any time, whether good or bad. We've made this process simple. Simply scan the QR code to the left and you will be directed to our feedback page.
