

FOREST COMMUNITY FOUNDATION

Director Applicants Orientation Package

New Director Recruitment

Through its recruitment process, the Forest Community Foundation (FCF) will strive to bring together a group of individuals that reflects the diverse perspectives of the residents of the Former Town of Forest area. The collective overriding goal of these individuals shall be to manage the Foundations assets in a manner which ensures the perpetuity and growth of the fund so that residents will continue to benefit from its generosity for generations to come.

The Orientation Package

All interested applicants shall receive a copy of this orientation package, via email or hard copy from the Secretary. The package will provide background information on the Foundation to prospective directors and include a one page application containing basic questions such as contact information & verification of eligibility to serve (reside or own property in Forest). Applications shall be returned via email or submitted in person to the Secretary at the Municipality of Lambton Shores, Forest Sub-Office.

Summary

In order to improve the recruitment process, an orientation package has been developed that shall be provided to all individuals interested in applying to join the Board. The function of the orientation package will be:

- To provide prospective directors with the opportunity to learn about the workings of the foundation and the responsibilities of being a director.
- To provide prospective directors with the information they need to make an informed choice to join the board and to make it a positive experience.
- To ensure an equal opportunity for a successful application for candidates with no previous experience on this board or anything similar.

Package Contents

- Background and Objectives of the Forest Community Foundation
- Expectations of a Director
- Example Meeting Schedule
- Present Board Members and Contact Info
- Past Board Members
- Past Grants
- Granting Principles
- Grant Application
- Grant Obligations
- Interview Questions
- Application - Forest Community Foundation Board of Directors

Background and Objectives

The Foundation was established in 2001, at the time The Municipality of Lambton Shores was incorporated, and was funded by the proceeds from the sale of the Town of Forest PUC. The initial monies, approximately \$1,200,000.00, are invested and have grown to over \$1.5 million. Approximately \$800,000.00 has been given to non-profit organizations, within the former Town of Forest, over the past 14 years.

The Foundation's purpose, as a charitable organization, is to effectively attract and manage funds, to provide leadership in identifying and funding community needs in the former Town of Forest, significant or otherwise, and to help donors fulfill their philanthropic interests.

The purpose is accomplished through a Board of Directors, each volunteering to serve for 3 years, who meet regularly to consider the business of the Foundation and decide each fall which applications for assistance should be supported. The Government establishes the minimum percentage of the Foundations assets that must be distributed each year.

Expectations of a Director

- Directors shall reside or own property in the area of the former Town of Forest. Directors shall demonstrate a commitment to the work of the Forest Community Foundation.
- Police record check will be requested of all successful candidates.
- Directors shall possess and maintain a reputation within his/her profession and the community as a whole that would serve to enhance the reputation on the Foundation
- Directors shall possess the ability to listen, analyze, think clearly and creatively, work well with people individually and in a group
- That Directors will serve with honesty, personal integrity, and show sensitivity to and tolerance of differing views.

Example Meeting Schedule

- Four "general business" meetings (1 per Quarter)
- Two meetings for grant applicant presentations
- A meeting to determine grant recipients
- A meeting to approve new directors
- The Annual General Meeting to distribute grants
- Other meetings during the year as required

GRANT APPLICATION PRINCIPLES

The following grant application principles have been approved for the use of agencies completing grant applications:

1. Projects approved for granting must primarily benefit the former Town of Forest geographical area.
2. Grants are awarded for definite purposes and for projects covering a specific period of time. **ONLY ONE PROJECT PER APPLICATION.** Groups may submit more than one application for different projects.
3. Preference will be given to projects which contribute to the community's growing needs for artistic, cultural, recreational, educational, and health related programs.
4. Bursaries and scholarships are awarded to educational institutions and not to individuals.
5. Pilot or demonstration projects must include provision for an evaluation and a realistic plan for financial viability beyond the pilot stage.
6. The Foundation encourages the participation of others in funding projects and, on occasion, provides matching funds or challenge grants to stimulate increased responses from other sources.
7. Grants are not made to support operating expenses of established organizations.
8. Grants are not made toward operating or capital deficits. Grants will not be made to support a project that is already started.
9. The Foundation does not respond to annual fund drives for sustaining support.
10. Grants are not normally made to establish or add to endowment funds. An exception may be made when a project provides extraordinary benefit to the community. In such a case, the Board of Directors may require additional commitments and reporting to assure due diligence is exercised for the term of the grant. Regardless, each grant will be considered on an annual basis.
11. Grants are not ordinarily made to fund specific medical or scientific research projects.
12. Grants are not made to religious organizations for direct religious activities.
13. Grants are not made to promote political activities, support advocacy initiatives, or provide general conference support.
14. All applications will be required to complete a grant request form and supply requested reference information when asked. A presentation to Foundation directors may be requested.
15. Applications receiving a grant will be required to submit a semi-annual detailed statement showing progress of application of funds and a final detailed report upon completion of the project. The Foundation reserves the right to audit the project on completion or at intervals during the project.

The Interview

Some relevant questions have been developed for the interviews and included below. These questions will be provided in advance to the applicants. The intent is that the interview session will not exceed twenty (20) minutes.

Suggested Interview Questions:

1. Tell us about your history of community involvement.
2. What recent projects in the community (not necessarily funded by the Forest Community Foundation) have impressed you and why?
3. Tell us about your opinions or ideas on the role of a director in fulfilling his or her duties.
4. How would you determine the merit of a grant request?
5. Please take a minute to tell us some things about yourself that you feel would be helpful to us in evaluating your application to join the board.
6. Do you have any questions about the Board or the Foundation?
