# A Spooktastic Day

Fun for all ages! A family-friendly pumpkin carving workshop done virtually to keep us all safe.

There will be 2 Halloween themed stencils sent in advance, an easy level kid-friendly pattern as well as a more complex pumpkin design for those up to the challenge!

We highly recommend purchasing your pumpkin carving tools in advance (Michael's has cheap kits) and cutting the tops off your pumpkins to clean them out prior to the carving workshop itself. LED TeaLights work great with your carved pumpkin!

You can use a real pumpkin or a Funkin Pumpkin

## Workshop Prices

\$20 ticket for an individual

\$35 ticket for groups of two or more

Proceeds benefit Charlotte's Legacy, Inc. a 501(c)(3) nonprofit helping homeless pets and their humans
