ADVERTISING CARDS

COLLECTION OF THE SSVMS MUSEUM OF MEDICAL
HISTORY, DONATED BY DR. BOB LAPERRIERE

The production and prevalence of color trade cards of the nineteenth century gave rise to a phenomenon called the “Card Craze,” which began in the 1870’s and continued into the early twentieth century. This popular pastime inspired Americans to collect and display advertising promotions. Trade cards promoted a large range of products from household goods, soaps, flower and vegetable seeds, to tobacco and patent medicines. Many of these cards were collected, traded, and pasted into scrapbooks.

22d SERIES.

DOUBTLESS most bodies are familiar enough with
 "Comin' thro' the Rye,"

the subject of our current Album Card, to render further explanation unnecessary. It is just the season, however, to call your attention to our new form of the **SANATIVE PILLS**—sugar-coated and concentrated, and operating usually without pain or griping. Standard boxes, containing over 50 pills (instead of 30, as heretofore), 25 cents; specimen packets, containing 15 pills, 10 cents. These are the best of pills for the Liver and all Bilious Affections, for the Stomach and Dyspepsia, for Constipation and Headache, and for family uses generally—male and female, young and old. In using them: as a stomachic, after dinner, one pill is effective; as a laxative, in Dyspepsia, Liver Complaint, Constipation, Chronic Headache, etc., from a half pill to three pills every night or every other night, as required; as a purgative, in sudden Bilious Attacks, Disordered Stomach, etc., three to five pills; and as an active cathartic when, from any circumstance, the latter is needed, or in cases of persons whose bowels are very difficult to move, from four to seven pills.

Safe in all weather, and in every case in which the administration of a purgative would be beneficial.

HAVING just lifted the latch, is the incident in the old, familiar story of
"LITTLE RED-RIDING-HOOD,"

depicted by the present Album Card—the ninth of our series. The tale itself is so well-known to everybody, old and young alike, that the picture requires no comment from us, further than that we have endeavored to have it produced, both in design and execution, in as artistic and pleasing a manner as possible. And now, at this wintry season of the year, permit us to remind you, that a **COLD**, once contracted, needs prompt treatment, or the accompanying Cough may so inflame and rack the Lungs that tubercles will form, and incipient Consumption, instead of a simple Cold, have to be dealt with. If in such case you will try **DR. JAYNE'S EXPECTORANT**,—using small doses, and repeating according to the urgency of the symptoms,—your expectoration will soon become loose and profuse, any tendency to inflammation will be allayed, and all symptoms of the Cold soon disappear. So, also, if **BRONCHITIS, SORE THROAT**, or any *Bronchial Disorder* manifests itself, the **EXPECTORANT** detaches the mucous matter adhering to the lining membrane of the throat, subduing inflammation, and soon removing any difficulty of swallowing or breathing. In cases of **ASTHMA** the **EXPECTORANT** should be taken in doses sufficient to produce a slight nausea; its action then being the more certain to overcome the cause of the trouble,—the contraction of the bronchial tubes. For **PLEURISY** or any **ACUTE INFLAMMATION OF LUNGS** or **THROAT** take the **EXPECTORANT** according to directions, rub the parts affected thoroughly with **DR. JAYNE'S LINIMENT**, and cover up warmly in bed. In **CONSUMPTION** the **EXPECTORANT** in very small doses will ameliorate most of the symptoms, and especially relieve the Cough as well as the oppression and soreness of the Lungs and Throat. For **CROUP** and **WHOOPIING-COUGH**, also, it is a most helpful medicine, the violence of the attacks being checked, and the attending distress greatly relieved.

FOR BILIOUS DISORDERS, and all troubles arising from a torpid or congested Liver, Sick Headaches, or Dyspepsia, use **DR. JAYNE'S SANATIVE PILLS**. They are to be depended upon whenever a Laxative or Purgative Medicine is required.

OLD FASHIONED.

Many persons still cling to old fashioned notions and old fashioned ways, and there is no good reason why they should not. New fashions may be good, but when we know that those things we have been accustomed to use for years are still reliable, and still so much better than any other of which we have knowledge, why should we wish to change? Our Backache Plaster is one of these old fashioned affairs. It is made from those old fashioned medicines: Hemlock Gum, Burgundy Pitch, Galbaum, &c., which all old fashioned people know are good, and to those ingredients are added the Extract of Smart Weed and the Extract of Belladonna. Altogether it makes the best Plaster to be found, and for Backache and other troubles of that nature is far ahead of all others. All we ask is a trial, as we know if you have any use for a porous strengthening Plaster, ours will please you. It is sure to give relief, and pain cannot exist where it is applied. Carter's Smart Weed and Belladonna Backache Plaster are used for Weak or Lame Back, Backache, Rheumatism, Neuralgia, Soreness of the Chest and Lungs, Asthma, Pleurisy, Kidney Troubles, Crick in the Back, Stiffness of the Joints, and for all Pains and Aches and wherever a Plaster can be used. They do not contain Red Pepper or Mustard, but, while acting with the promptness of those burning medicines, are free from their objectionable qualities, and may be worn for weeks if desired, the same as an ordinary Plaster. We hope when next you have an Ache or Pain that requires an external remedy, you will get one of Carter's Smart Weed and Belladonna Backache Plasters, and see how quickly relief will follow. THE FIGHT FOR THE STANDARD.

2.50

"THE FIGHT FOR THE STANDARD" is over, and it is universally acknowledged that **AYER'S PILLS** are the only **STANDARD** cathartic medicine of the age. The disorders which they are designed to cure include Constipation or Costiveness, Indigestion, Dyspepsia, Biliousness, Heartburn, Loss of Appetite, Flatulency, Foul Stomach, Nausea, Dizziness, Headache, Numbness, Jaundice, Diarrhoea, Dysentery, and Disorders of the Liver.

Eruptions and Skin Diseases, and Piles, when the result of Indigestion or Constipation, are cured by the use of **AYER'S PILLS**. These **PILLS** are often, also, the best remedy for Rheumatism, Gout, Neuralgia, Dropsy, and Kidney Complaints. In Colds they operate beneficially by opening the pores, removing inflammatory secretions, and allaying fever.

AYER'S PILLS are made of vegetable ingredients only. They are sugar-coated, and pleasant to take; and for all the purposes of a cathartic medicine they are unequalled.

AYER'S PILLS are usually put up in oval wooden boxes; but for hot and damp climates, and for export, in sealed glass vials, as above represented.

Ayer's Ague Cure.

Ayer's Ague Cure is a purely vegetable bitter and powerful tonic, and is, with a positive knowledge of its effects, warranted a speedy and certain cure for Fever and Ague, Intermittent, Remittent, and Bilious Fevers, and for all disorders peculiar to malarious, marshy and miasmatic districts. The accumulated evidence for more than twenty-five years abundantly shows how much

Ayer's Ague Cure excels all other preparations, not only in its certainty to cure, but also in the fact, which is its crowning excellence, that no injurious effects can follow its use.

It is a startling fact that most of the "Fever and Ague preparations," "Ague Pills," "Specifics," "Syrups," "Febrifuges" and "Tonics" in the market contain quinine, arsenic, zinc, or other poisonous substances, which, although they may break the chill, do not cure, but leave the malarial poison and their own drug poison in the system, producing Quinism, Congestion, Deafness, Neuralgia, and other disorders more formidable than the disease they were intended to cure. Ayer's Ague Cure thoroughly neutralizes and eradicates from the system these noxious poisons, and always cures the severest cases, leaving the patient as well as before the attack. It contains no quinine, mineral, or anything that will injure the most delicate patient, and we warrant it when taken according to directions. A thorough trial will convince the most doubting that it is absolutely certain and harmless. Where disorders of the liver and bowels have occurred from miasmatic poison, it removes the cause of them and they disappear. If taken occasionally by patients exposed to malaria, it will expel the poison and protect them from attack. Travellers and temporary residents in Fever and Ague localities are thus enabled to defy the disease.

For Liver Complaints it is an excellent remedy.

PENN'S TREATY.

[1682 or 1683 ?]

Over.

AYER'S **CHERRY** **PECTORAL.** **T**HE DATE of Penn's Treaty is in dispute, but it is universally admitted that **AYER'S CHERRY PECTORAL** prolongs and saves life, and therefore far exceeds in value anything Penn ever offered the natives in exchange for their lands. It rapidly cures Colds, Coughs, Sore Throat, Influenza, Quinsy, Laryngitis, Hoarseness, Bronchitis,

Croup, Asthma, and Catarrh. It wonderfully increases the power and flexibility of the voice, strengthens weak lungs, allays pulmonary irritation, and affords the most effectual relief for Whooping Cough and Consumption in its advanced stages.

It should be noticed that the doses of **AYER'S CHERRY PECTORAL** consist of a limited number of *drops*, it being of great strength and curative power, making it more economical as a medicine than many other preparations. Its powerful uniform control over all diseases of the throat and lungs makes it the most reliable medicine that can be procured.

Full directions accompany each bottle.

FOR SALE BY

FOR SCROFULA and all scrofulous, mercurial, and blood disorders, the best remedy is AYER'S COMPOUND CONCENTRATED EXTRACT OF SARSAPARILLA--called, for convenience, AYER'S SARSAPARILLA. It is composed of the Sarsaparilla-root of the tropics, Stillingia, Yellow Dock, Mandrake, and other roots held in high repute for their alterative, diuretic,

tonic, and curative properties. The active medicinal principles of these roots, extracted by a process peculiarly our own, are chemically united in AYER'S SARSAPARILLA with the Iodide of Potassium and Iron, forming by far the most economical and reliable blood-purifying medicine that can be used.

If there is a lurking taint of Scrofula about you, AYER'S SARSAPARILLA will dislodge it, and expel it from your system. For the cure of the disorders, lassitude and debility peculiar to the Spring, it has proved to be the best remedy ever devised. If your blood is vitiated, cleanse it without delay by the use of AYER'S SARSAPARILLA.

HALL'S

VEGETABLE SICILIAN

HAIR RENEWER

was the first preparation perfectly adapted to cure diseases of the scalp, and the first successful restorer of faded or gray hair to its natural color, growth and youthful beauty. It has had many imitators, but none have met all the requirements needful for the proper treatment of the hair and scalp. HALL'S HAIR RENEWER has steadily grown in favor, and spread its fame and usefulness to every quarter of the globe. Its unparalleled success can be attributed to but one cause: *the entire fulfillment of its promises.*

The proprietors have often been surprised at the receipt of orders from remote countries where they had never made an effort for its introduction.

The use for a short time of HALL'S HAIR RENEWER wonderfully changes and improves the personal appearance. It cleanses the scalp from all impurities, cures all humors, fever and dryness, and thus prevents baldness. It stimulates the weakened glands and enables them to push forward a new and vigorous growth. The effects of this article are not transient like those of alcoholic preparations, but remain a long time, which makes its use a matter of economy. *It never fails to restore gray hair to its original color and lustre.*

BUCKINGHAM'S DYE FOR THE WHISKERS

will change the beard to a natural brown or black, as desired. It produces a permanent color that will not wash away. Consisting of a single preparation, it is applied without trouble.

ALL'S
VEGETABLE SICILIAN
RENEWER

Successful rival in restoring the vitality to the hair. If your hair is faded, or weak and thin, give the Renewer a trial, and you will be astonished at the results, for your gray locks will soon become the same color as in youth, the weak hair will be strengthened, and new healthy hair will start and grow where now the hair is thin, also upon bald places, unless the scalp has become perfectly smooth and scaly. It stops the falling of the hair, and prevents baldness. It eradicates dandruff, eruptions, itching, and leaves the hair soft and silky, and much to be admired. A. A. Hayes, M.D., State Assayer of Mass., who is high authority, says, "we consider it the best preparation for its intended purpose." We also manufacture

Buckingham's Dye for the Whiskers, a preparation to change the color of the Beard and Mustache to a natural brown or black, as may be desired, if directions are followed.

AYER'S

CHERRY

PECTORAL.

In diseases of the pulmonary organs a safe and reliable remedy is invaluable. **Ayer's Cherry Pectoral** is such a remedy. It is a scientific combination of the medicinal principles and curative virtues of the finest drugs, so united, chemically, as to insure the greatest possible efficiency and uniformity of results. It strikes at the foundation of all pulmonary diseases, affording prompt relief and rapid cures, and is adapted to patients of any age or either sex. Being very palatable, the youngest children take it readily. In ordinary Coughs, Colds, Sore Throat, Bronchitis, Influenza, Clergyman's Sore Throat, Asthma, Croup, and Catarrh, the effects of **Ayer's Cherry Pectoral** are magical, and multitudes are annually preserved from serious illness by its timely and faithful use. It should be kept at hand in every household for the protection it affords in sudden attacks. In Whooping-Cough and Consumption there is no other remedy so efficacious, soothing, and helpful.

The country is flooded with preparations made of cheap and ineffective materials, which, put up in bottles of various sizes, are sold at lower prices, and may, like simple licorice or molasses, afford temporary relief. They are too poor in curative qualities to produce any lasting beneficial effect, and will only deceive and disappoint the patient, and endanger life by delay. It should be noticed that the doses of **Ayer's Cherry Pectoral** consist of a limited number of *drops*, it being of great strength and curative power, making it more economical as a medicine than many other preparations. Its powerful uniform control over all diseases of the throat and lungs makes it the most reliable medicine that can be procured.

INVALID LADIES

THIS IS FOR YOU.

THERE are thousands of females in America who suffer untold miseries from chronic diseases common to their sex. This is due largely to the peculiar habits of life and fashion, and the improper training of girlhood. Then, too, the physical changes that mark the three eras of womanhood (the maiden, the wife and the mother) have much to do with their sufferings, most of which is endured in silence, unknown by even the family physician and most intimate friends. To all such whose hollow cheeks, pale faces, sunken eyes and feeble footsteps indicate nervous and general debility bordering on consumption, we would earnestly recommend that grand system-renovating tonic,

BURDOCK BLOOD BITTERS.

It makes pure, healthy blood, and regulates all the organs to a proper action, cures constipation, liver and kidney complaint, female weakness, nervous and general debility, and all the distressing miseries from which two-thirds of the women of America are suffering. *All Invalid Ladies* should send for our *Special Circular*, addressed to *Ladies Only*, which treats on a subject of vital importance. THE VALUE

Of a medicine is best shown by its continuance in use from year to year, by the same persons and the same families. Few remedies can claim the universal and continued popularity which has marked the introduction and progress of Carter's Family Medicines. This must be the result of intrinsic merit alone, for their sale holds good long after the withdrawal of the advertising which brought them into notice, and those who now regard them with the greatest favor are the very persons who began their use years ago.

This fact proves that our medicines actually perform what is promised for them, and buying them is no longer an experiment, but merely supplying a needed remedy. It is no slight pleasure to feel that those who purchase any of the Carter Medicines always get their money's worth, and we promise our friends that this shall ever be the case. We hope both our old customers and those who have never used our preparations will carefully read the following pages, which we trust will be found interesting.

can only be truthfully applied to Hood's Sarsaparilla, and is an unanswerable argument as to strength and economy. Hood's Sarsaparilla is made from Sarsaparilla, Yellow Dock, Wild Cherry, Dandelion, Juniper, Pipsissewa, Stillingia, Mandrake, and other selected roots, barks, and herbs in a combination and by a process peculiar to itself. We challenge any preparation to show a home appreciation so thoroughly vouched for. Thirty of the leading druggists of Lowell, Mass., testify as follows:—

"We sell more Hood's Sarsaparilla than any other Sarsaparilla or Blood Purifier. Its sale with us has been unprecedented, and present demand indicates that the sale this year will exceed that of any previous year."

If you are suffering from Scrofula, Salt Rheum, Catarrh, Dyspepsia, or any blood disease, and are desirous of more information regarding the value of Hood's Sarsaparilla, we shall be glad to send you, upon receipt of address, a book containing a list of the wonderful cures effected.

"I had scrofulous sores that ran all the time. I took six bottles of Hood's Sarsaparilla, and they are gone." Mrs. LOUISA CORSON (76 years old), Bridgton, Me.

"Appetite poor, bowels all out of order, scrofulous sores on my face and back. I commenced taking Hood's Sarsaparilla, and with three bottles my sores healed, and I am at business again." JOHN AMBERG, Chicago, Ill.

"For many years in succession, I had the catarrh in my head. Five years ago, I began to use Hood's Sarsaparilla. I was helped right away. I continued to use it until I felt myself cured." Mrs. ELIZA H. CAULFIELD, Lowell, Mass.

HENRY DICKSON, wholesale grocer and proprietor of Dickson's Opera House, Kenton, Ohio, writes: "My wife has been troubled with indigestion, and her blood has been in a poor condition. She has used several bottles of Hood's Sarsaparilla, and it has been a great benefit to her."

What It Is

1. Hood's Sarsaparilla is a concentrate carefully prepared from Sarsaparilla, Yersinia, Pipsissewa, Juniper Berries, Mandrake, Dandelion, and other valuable vegetable remedies.
2. It is prepared under the supervision of thoroughly competent pharmacists, who have combined in Hood's Sarsaparilla all the knowledge of modern times concerning curative agents, and the experience of years in studying and preparing medicines.
3. Hood's Sarsaparilla is prepared by a Combination, Proportion and Process Peculiar to Itself, discovered by the proprietors of Hood's Sarsaparilla, known to no other medicine, and by which the full curative power of all the remedial agents used is retained.
4. Every ingredient employed in producing Hood's Sarsaparilla is strictly pure and is the best of its kind it is possible to buy. All the roots and herbs are carefully selected, personally examined, and only the best retained. They are ground in our special drug-mill, so that from the time of purchase until the medicine is prepared, everything is carefully watched with a view to attaining the best result.
5. Hood's Sarsaparilla is the most economical medicine to buy because of its concentrated strength, and because it is the only preparation of which can truly be said "100 Doses One Dollar."

"The poor ye have always with you."—Familiar and true as the words are, our present Album Card of

✱ ✱ ✱ "The Beggar Children"

illustrates types of poverty which never fail to appeal, all the world over, to the kindest feelings of our human nature.

During this, the wintry, rough and changeable season do not forget that a **Cold**, once contracted, demands prompt treatment, lest the accompanying **Cough** should inflame and rack the **Lungs**, and induce the formation of **tubercles**. By the use of the cheapest, because the most reliable of remedies, **DR. D. JAYNE'S EXPECTORANT**, in small doses, repeating same according to the urgency of the symptoms, you will find your **Cold** speedily yield, and your **Lungs** escape a dangerous ordeal. If seized with a **Sore Throat**, **Bronchitis**, or any **Bronchial Disorder**, the **EXPECTORANT** will subdue the inflammation of the parts, detach the mucus which clogs them, and gradually promote a cure. In case of **Asthma**, the **EXPECTORANT** overcomes the cause of the trouble, and a prompt restoration follows. If attacked by **Pleurisy** or any **Acute Inflammation** of the **Lungs** or **Throat**, take the **EXPECTORANT** according to directions—bathing the parts thoroughly with **DR. D. JAYNE'S LINIMENT**, and covering up warmly in bed. The **EXPECTORANT**, if taken in very small doses by **Consumptives**, will ameliorate the symptoms and especially ease the **Cough**, as well as the oppression and soreness of the **Lungs** and **Throat**. It is a helpful remedy also in cases of **Croup** and **Whooping Cough**, checking the violence of the attacks and relieving the attending distress.

A THOROUGHLY RELIABLE FAMILY TONIC, at little cost, is obtainable in a bottle of **DR. D. JAYNE'S TONIC VERMIFUGE**. For the **Dyspepsia of Adults**, **Indigestion**, **Sour Stomach**, **Oppression at the Pit of the Stomach**, and **Low Spirits**, it is a most excellent remedy—the bowels being kept open, when necessary, by **DR. D. JAYNE'S SANATIVE PILLS**. **Worms in Children** it destroys with certainty, removing them, and the various distressing symptoms to which they give rise. It is a **Strengthening Tonic** for feeble, sickly children, renewing the appetite and rebuilding the general health, and it is besides a steady curative in the **Fever** and **Ague** of children.

ed in the Seventeenth Card of our
and execution we think it an advance
we hope for it an even more favorable

During all the seasons of the year DR. D. JAYNE'S EXPECTORANT should be kept in every household, for in all families troublesome COUGHS AND COLDS are likely to occur,—CROUP, to suddenly endanger the lives of your Children; BRONCHIAL or THROAT AFFECTIONS to rapidly develop, or LUNG DISORDERS and CONSUMPTION to dangerously threaten. Do what you will, WHOOPING-COUGH will claim its victims, and in our trying climate, ASTHMA, PLEURISY, and Acute Inflammations of the THROAT and LUNGS are sure, more or less, to prevail. Is it not, therefore, both prudent and economical to keep by you a remedy that may be safely resorted to in emergencies? If so, you will find the EXPECTORANT, taken in appropriate doses, prompt and certain in its operation, sure to ameliorate the more obstinate symptoms, and gradually to promote a permanent cure. For many, many years this sterling domestic curative has been the reliance of most families, in every condition of life, throughout the land; and in all this time, in the face of constant and multiform competition, its popularity has been steadily increasing. Can we offer any more satisfactory guarantee of its intrinsic merit?

The Possible Approach of Cholera Should remind all that an attack of **Diarrhoea**, or some other form of **Bowel Complaint**, almost invariably precedes the more violent symptoms of this dreaded disease, and these affections, as well as **Cramps**, **Cholera Morbus**, **Dysentery**, and **Summer Complaint**, can be more effectually and safely combatted by the use of DR. D. JAYNE'S CARMINATIVE BALSAM, than by other means. Keep this CARMINATIVE—which is not a new, but an old and well-tried Remedy—handy for emergencies.

"HE WON'T HURT YOU!"

19TH
SERIES.

AS the confident assurance of the little Miss in our picture, as if to make this assurance doubly sure, she noticeably herself with a firmer grip of the tether. This is precisely any sensible person ought to do in the presence of possible danger. Take all practicable precautions against the worst. Hence, when you find that the vital but delicate organs of the body are evidently struggling with a Cold, an irritating cough rasping the lungs into soreness, or a painful inflammation seating itself in the throat, don't parley, or waste time and money experimenting with new and unfamiliar medicines, but provide yourself with the EXPECTORANT of DR. D. JAYNE, the remedy which approved itself to your fathers and mothers, and which to-day retains the well-earned popularity of half a century as the standard household curative for Coughs, Colds, and Consumption, and all Pulmonary and Bronchial Affections as well. It acts now with the same certainty as of yore in all attacks of Asthma, Pleurisy and Acute Inflammation of the Lungs or Throat. It is a safe stand-by to have near you in the sudden advances of Croup, and it alleviates and shortens the sufferings of Whooping-Cough. When you know what you want, make sure to get it, and do not be put off with anything else.

The Miseries of Indigestion! How seldom you find a man, a woman, or even a child, who has wholly escaped the well-known symptoms! If you or any of your children are of the afflicted, adopt a light, spare but nutritious diet, and in addition give DR. D. JAYNE'S TONIC VERMIFUGE a trial, and you will find that Digestion is assisted, a Sour Stomach corrected, and the Oppression or Uneasiness of the Stomach removed. Dyspepsia is usually the cause of Nausea, Water-Brash, Sick Headache, Flatulency, Low Spirits, Heartburn, &c., and this TONIC will be found very beneficial in removing these unpleasant attendants. The TONIC VERMIFUGE is especially a Tonic for children, and as FEEBLE and WEAKLY children are more often feeble and weakly from indigestion than from any other cause, every mother should learn to know the value of this remedy in rearing her family. So, also, it is very serviceable in curing the Fever and Ague of children; and for removing Worms—the common pests of childhood—it is the most certain and safest of medicines.

So very popular in the large engraving, furnish an exquisite subject for our Fourteenth Card. The handsome animals have been faithfully drawn and colored from Nature, while the evening scene, and the fair milkmaid gracefully leading her docile pets, will make the picture pleasing to all. Farmers, too, and their wives as well—having an eye for good stock—will scan with interest the likenesses of two cows of a breed so valuable that a bull has brought five thousand six hundred dollars, the celebrated cow, "Khedive's Virginia," five thousand one hundred and fifty dollars, and quite recently, at a sale of fifty-eight head, an average of one thousand two hundred dollars was realized for each one of the herd.

It may concern your comfort to remember that for all *Pulmonary Affections* DR. JAYNE'S EXPECTORANT is the surest remedy. When a bad *Cough* or *Cold* irritates and racks the Lungs, the EXPECTORANT, in small doses, speedily cures it. If troubled with a *Sore Throat*, or any *Bronchial Disorder*, the EXPECTORANT breaks up the inflammation and heals promptly the lining membrane of the throat. When *Asthma*, or *Difficulty of Breathing* is to be dealt with, the EXPECTORANT, in doses as directed, soon removes the contraction of the bronchial tubes and affords immediate relief. Should you be attacked with *Pleurisy* or *Acute Inflammation of the Lungs*, the EXPECTORANT can be always depended on,—if you will, at the same time, rub the parts affected with DR. JAYNE'S LINIMENT. The most distressing symptoms of *Consumption* are ameliorated by the EXPECTORANT, while for *Whooping-Cough*, it is a helpful remedy, shortening the duration and subduing the violence of the complaint.

EVERY FAMILY NEEDS, At times, a serviceable medicine for *Worms* in Children, or a useful Tonic for the General Debility of Children, or the Dyspepsia of Adults. DR. JAYNE'S TONIC VERMIFUGE supplies such a remedy; and besides being reliable and safe as a curative, is pleasant to the taste.

"NORCROSS, GA., Sept. 13, 1883.—Five years ago my hair was fast falling out, and I was perfectly bald on the top of the scalp. Then I began using Parker's Hair Balsam, and to-day have as much hair as ever. When I was twenty-five years old my hair was prematurely gray. To-day, at forty-eight, it has the color and thickness it had when I was eighteen. I attribute this great change to the use of about two bottles a year of the Balsam. My wife has used it with equally good results."
